

Being a column in which the publisher just "blows off the steam".

By June Jones

SEEKING a donation for a local charity, the two workers had called on a well known miser. For an hour they pointed out the many needs of the unfortunate for whom the funds would be used. But in spite of the most persuasive pleas, the cantankerous old man sneeringly refused to have any part of it.

Crippled children? What did they mean to him? Orphans? They were none of his business!

Finally the two workers left in disgust. For several minutes they were both silent. Then one burst out, "And to think that old scoundrel has money to burn!"

"Yes," the other agreed darkly. "And that's just what would happen to it... if he could take it with him!"

A COMMENTARY on the modern styles for women comes as a squib from a magazine we were reading the other evening...

Hindsight is what most women are in slacks!

IN THESE DAYS of numerous automobile accidents, a fellow has to look right and left and still he doesn't feel safe.

A sage has offered this bit of advice to those who are in doubt about what to do...

If you're hit by a car And knocked into slumber, The best thing to take Is the license number.

DRIVING along the streets of Hamlin nowadays has its dangers—what with hot-rods and highly decorated exhausts, radiator caps, ornaments and other things to distract the driver's attention to the matter of driving. W. G. Hite has expressed some one-arm alarm with—

In spring the cautious driver learns To watch the young man's fancy turns.

WE DON'T KNOW who William R. Sullivan of Los Angeles, California, is, but our mail this week contained a mimeographed postal card from him that had a pithy statement, despite the fact there was no further comment or explanation. The card simply states:

A deduction: Unless something is done soon to stop the rising Chinese birth rate, in a few years we are going to be engaged in a war trying to stop them from over-running all of Europe.

IT WAS A VOICE of experience that made the following observation. Hal Chadwick put it in ode form in a leading magazine coming to our desk:

When a wife is "outspoken" I'm sorry to state That the one who outspeaks her Is seldom her mate.

ONE FELLOW we take our coffee break with observed the other morning an odd ailment that afflicted some of his friends: When it comes to picking up a check, some fellows have an impediment in their reach.

MODERN civilization has changed things about the house in lots of ways. Berton Braley, long a favorite American poet, said it in these apt words:

Young Father Hubbard went to the cupboard To satisfy hunger's throes; But there wasn't a bit or morsel in sight That wasn't completely froze.

THE LOT of an editor certainly is not a bed of roses, which reminds us of the anonymous poem about the harassed editor in the Great Hereafter:

An editor knocked at the pearly gates, His face was scarred and old; He stood before the man of fate For admission to the fold. "What have you done?" St. Peter asked, "To gain admission here?" "I've been an editor, sir," he said, "For many and many a year." The pearly gates swung open wide, St. Peter touched the bell. "Come in," he said, "and choose your harp— "You've had your share of hell!"

Texas Longhorn Cavern, the world's third largest cave, is one of the nation's most impressive natural wonders. Over eight miles of its labyrinthian splendor have been explored without an end being reached and the lowest point on the guided tour is an eerie 120 feet below the surface. The cavern is a popular attraction for tourists and sightseers, especially in the summertime, because it is a real cool cave. The temperature inside remains at a comfortable 64 degrees even in the hottest summer weather. Longhorn Cavern is located off U. S. Highway 281 four miles south of Burnet.

## Curb and Gutter Program in City Gets Off to Good Start

### Key Citizens in Blocks Urged to Help Sign Owners

Curb and gutter work by city crews is getting off to a good start, declares John L. Lea, city engineer, who is supervising the project.

The work is being done under city jurisdiction and with recently purchased city equipment on a nominal cost basis as a continuing program of city street improvement begun by the City Council two years ago when paving also was being done.

Current project is designed to do curb and gutter work by block segments as a water drainage and street base project. The program will be followed by getting the various streets that are curbed and guttered worked to correct grade levels for eventual paving, Lea points out.

Cost of the curb and gutter has been set at 85 cents per foot, which includes the pro-rated cost of one intersection per block. This price compares with \$1.15 per foot charged during the paving project by the contractor.

With the city furnishing the gravel from the city's pits, and with services of the engineer being provided, this low price has been made possible, point out city officials.

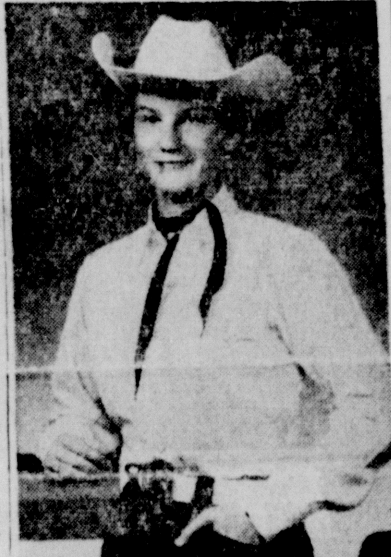

Lea urges that key citizens in various blocks in the city assist in signing up property owners by blocks in order to keep the curb and gutter work moving. Lea will be glad to provide frontages and costs for the various property owners, he says.

### Attendance at City's Sunday Schools Shows Gain Over Year Ago

Sunday School attendance at the 12 churches of the 13 in the city of Hamlin reporting showed a sizeable increase over the previous Sunday as well as the total of a year ago.

Attendance records by various churches for June 17, June 24 and a year ago follow:

Churches	June 17	June 24	Year Ago
No. Cen. Baptist	64	67	47
Calvary Baptist	51	58	51
Oak Gr. Col. Bap.	38	33	42
Faith Methodist	58	65	62
Ch. of Nazarene	83	70	82
First Methodist	184	188	180
First Baptist	362	370	375
Mexican Baptist	69	65	53
Sunset Baptist	37	63	25
Church of Christ	135	202	161
Assembly of God	—	—	—
Pentecostal	16	18	31
Foursquare Gospel	48	56	81
Totals	1165	1276	1180

COWGIRL SPONSOR from Hamlin to the Stamford Cowboy Reunion next week will be Rebecca Ann Ferguson (above), daughter of Mrs. Thomas Ferguson. She is being sponsored by the Hamlin Business and Professional Women's Club.

### Junior Olympics to Feature Three Age Divisions for Events

Three divisions for the Junior Olympics for the Central West Texas area being held in mid-July at Abilene, have been designated by Olympics officials, declares Coach Jan Herridge of Hamlin High School, who is directing Hamlin's participation in the event.

Boys of the Hamlin community interested in taking part in the nationally known Olympics are invited to meet Herridge at the Pied Piper field house, on the north end of the football field, at 8:00 o'clock in the mornings or 5:30 in the afternoons for try-outs.

The three divisions are for boys of 12 and 13 years of age; 14 and 15 years; and 16 and 17 years. Most of the major track and field events usually run by high school teams will be used by the Junior Olympics, Herridge says.

Winners at the Abilene contests will later go to Houston for competition with boys from a four-state area.

### Next Week's Herald To Be Printed Early

Next week's edition of Your Home Town Paper will be printed this week-end in order to permit the continuation of an annual custom of closing the Herald office during the week of July 4 for a vacation period.

Copy intended to be included in next issue of The Herald must be in our office by Friday. Subscribers will receive their paper next Wednesday.

Cooperation of advertisers and readers in this program of publication will be appreciated.

### Scores Scheduled To Attend Neinda Homecoming Meet

Plans are being made to care for scores of former residents of the Neinda community Sunday, when the eighth annual homecoming celebration is planned, according to Noel (Duck) Weaver, chairman of the arrangements committee.

The homecoming will be staged at the Neinda community center, where entertainment and business session will be conducted.

Homecomers will begin assembling shortly before 11:00 o'clock Sunday morning, Weaver says. Both the community's pastors, Rev. Glen Walters of the Baptist Church and Rev. Luther Walker of the Methodist Church, will present short devotionals after the assembly. Arrangements are being made to have an outstanding quartet to render music for the occasion.

A business session of the group will be conducted at 11:30, and a basket lunch will be served at the center at 12:30. Drinks will be provided.

No formal program is planned for Sunday afternoon, but the afternoon will be spent in visiting between former residents of the community, six miles south of Hamlin.

### Aspermont Rodeo This Week-End to Attract Hundreds

Scores of Hamlin area residents will be among the attendants at the first annual rodeo being staged this week-end at Aspermont under the auspices of the Stone-wall County Rodeo Association. Night performances are scheduled this Thursday, Friday and Saturday nights in the new \$10,000 rodeo arena, which is located some five blocks northwest of the courthouse.

The rodeo will open with a big street parade at 4:00 p. m. today (Thursday), according to Sheriff Warren W. Frazier, who is parade chairman. Prizes of \$25, \$15 and \$10 will be awarded for the three best floats in the parade.

Some eight riding clubs and sheriff's posses have been invited to ride in the parade, and trophies are to be given by the local Lions Club for the three best riding clubs and posses.

Performances of the rodeo are to be held nightly, starting at 8:00 o'clock. Morris Stephens of Silverton is furnishing the rodeo stock. Stephens is said to be a past master at this business, and a show jam-packed with thrills on all three nights is promised.

Events to be staged include calf roping, ribbon roping, bull riding, bronc riding, girls' barrel race, open cutting horse contest, and old-timers' tie-down calf roping.

The rodeo at Aspermont is a revival of an annual event that formerly drew thousands of people to the neighboring town to the north. The rodeo association plans to make this amateur rodeo an annual event.

### Rebecca Ann Ferguson To Ride Palomino

Rebecca Ann Ferguson, who will represent Hamlin in the cowgirl sponsor contest next week at the annual Cowboy Reunion and Rodeo at Stamford, will be riding a beautiful Palomino paint horse by the name of Butch.

Rebecca Ann, daughter of a long time rancher of the area who died several weeks ago, has been riding since she was knee-high to a yearling.

Being sponsored at the big Hamlin Business and Professional Women's Club, Rebecca Ann is expected to carry well the laurels of Hamlin in the parades and contests for the cowgirl contestants.

AMONG FEATURES ENTERTAINERS scheduled to appear Thursday and Friday evenings of this week at the annual membership meeting an Electric Fair of the Midwest Electric Cooperative will be Fred Whitaker (above) of Tacoma, Washington. He will perform juggling acts of unusual accomplishment.

### Edgar Duncan Goes To Lions Convention

Incoming President Edgar Duncan of the Hamlin Lions Club and his family left over the week-end for Miami, Florida, to attend the annual convention of Lions International.

The convention opened Tuesday morning and will continue through Saturday. Outstanding world leaders will appear on the program.

The Duncans drove through the South in their car, and will return home next week-end.

### Plumbing Contract on New Gymnasium Let At Reduced Figure

Plumbing contract for the new high school gymnasium now under construction was let several days ago by trustees of the Hamlin Independent School District. The bid was \$12,875.

This was \$4,200 less than the lowest bid submitted at the first opening of bids, it is pointed out. Total cost of the gymnasium and band room will be as follows: General contract, \$124,485; plumbing contract, \$12,875; bond service, \$1,500; and architect's fee, \$8,241; grand total, \$147,101.

The contractors are ahead of schedule on construction of the big building located just west of the high school building, declared Superintendent Cook this week. He said the structure would be ready by November 1, which is about 30 days ahead of scheduled completion.

### Four New Teachers Employed by Schools As Two Places Open

Four new teachers have been elected to the faculty of Hamlin schools and one has been transferred from junior high school to high school, it is announced by School Superintendent C. F. Cook. The board of trustees, at its last regular meeting employed the following: Mrs. Weldon Johnson, social studies in the sixth and seventh grades; Mrs. Ethel Wainwright, language arts in the seventh and eighth grades; Mrs. Harvey Elkins, third grade; and Mrs. N. D. Miers of Rotan, either the first grade or public school music.

George T. Black has been moved into high school as math teacher at his request. Black is a math major in his college work.

Two vacancies still exist on the teaching staff, Cook reports. They are a math teacher in junior high and either a first grade or public school music instructor.

### Rev. Sherman Speaks At First Baptist Church

Preaching at both services Sunday at the First Baptist Church was Rev. Arthur Sherman of Kansas, who is doing graduate work this summer at Hardin-Simmons University.

The church has been pastorless since June 20, when Rev. Houston Walker resigned to accept a pastorate at Lubbock.

### Referendum for Citizens of Region Slated in Period

Free parking in the Hamlin business section — for the first time since 1950 — became effective Saturday morning following a special called session of the City Council and a later conference between the council and merchants of the city.

Heads of the parking meters that were installed in 1947 were removed Friday afternoon, and they will be placed in storage for a six-week period, according to the agreement between the merchants and members of the City Council, declares Mayor O. D. Roland.

Removal of the parking meters will be for a trial period in order to ascertain their effect on business activity in Hamlin. Merchants had petitioned the City Council to consider their removal on the contention that the parking meters were hurting trade here. A conference between the merchant group and members of the council was held last Tuesday afternoon, when the pros and cons of the meter situation were discussed.

During the six-week trial period with the meters removed the merchant group plans trades day and other activities to boom business that has been on the decline for several weeks.

Toward the end of the six-week period a poll of opinion of people of the Hamlin trade territory will be conducted to determine if the six-week moratorium on the parking meters will be extended through December 31.

If the poll shows opposition to the meters, and the meters remain out until December 31, then an election for residents of the city of Hamlin will be conducted to determine if the meters will be taken out permanently.

The parking meters were installed on a trial basis in February, 1950. Then in April, 1952, an election was conducted in which 639 citizens voted on retention of the meters. In the vote 416 favored their retention and 223 voted against the meters.

### Faith Church Women Gather Waste Paper

Campaign to gather waste paper that will be sold to raise funds toward a new church building is being conducted by women of the Woman's Society of Christian Service of the Faith Methodist Church.

People of the community are urged to gather their old newspapers, magazines and other waste paper, bundle it securely, and put it in front of their homes on Saturday, July 7, when it will be picked up and sold by the women's group.

### Who's New This Week

Three new citizens have been recorded at the Hamlin Memorial Hospital since last report in The Herald. Two boys and a girl, they are:

A boy arrived June 15 at 1:45 p. m. for Mr. and Mrs. John Griffith of Hamlin. Balancing the scales at eight pounds two ounces, he has been named Billy Wayne.

A boy for Mr. and Mrs. W. T. Johnson of Hamlin was born June 17 at 10:25 p. m. The new young bank officer has been named James McBride.

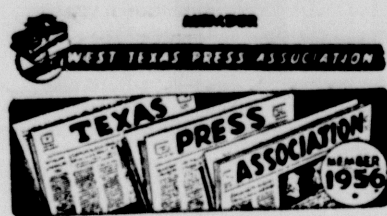

A girl arrived for Mr. and Mrs. W. A. Monce of Hamlin on June 18 at 1:25 a. m. A lightweight at six pounds one and one-half ounces, the little miss says the name Linda Sue will suit her.

## PETTY LAW VIOLATIONS EVERYBODY'S PROBLEM

Hamlin, not unlike other towns and cities of the country, has been undergoing a series of petty law violations that should be the concern of everybody—not just of the law enforcement officials and parents. In fact, in many instances, even the parents do not seem worried about the trends of their children toward criminality.

Among the numerous petty law violations coming to light in recent months over the country—many of which have never been practiced in the Hamlin area, of course—are disregard of traffic laws in speeding and reckless driving that endanger lives and result in the untimely deaths of scores of the participants and others; pilfering of parked automobiles and stealing of hub caps and various articles from glove compartments and trunks; shooting of windshields with BB guns; hauling away of garbage and trash cans from alleys and other designated places; and other minor offenses that are seldom committed for the actual gain that may be derived from their commission.

To be able to discern the basic causes for the trends toward crime by the young people of the land would be a major accomplishment, but no doubt there are many contributory reasons for such outbreaks of malicious

and wanton destruction of property and simple violations of law.

In many cases there seems to be an element of satisfying a longing for a thrill in connection with the crime rather than actually profiting from the acts. This presents a psychological problem that requires the teamwork of officers, parents, young people's counsellors, psychiatrists and others. All of which proves that, as stated before, the problem is everybody's.

Following this theory, it is the general public's duty to cooperate with law enforcement officers in reporting any information that may be helpful in stopping the petty crimes. Stopped early, a youngster might be saved from a life of crime, who otherwise might get into greater crimes because of his success in the minor ones. Certainly, saving of further destruction of property also should be reason enough for reporting the crimes. The next car losing its hub caps might be yours!

Hamlin officers have made some arrests in connection with these petty crimes, but there are other cases of unsolved street light breakages and other little acts that need the attention of concerned parents and neighbors. Yes, the offenses are everybody's problem, and you can help to solve it.

## The American Way

You cannot bring about prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by discouraging the rich. You cannot establish sound security on borrowed money. You cannot keep out of trouble by spending more than you earn.

You cannot build character and courage by taking away man's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves.

## Don't Try to Bluff Car

"Don't try to bluff the guy in the car!" That traffic safety tip was passed along to pedestrians by E. C. McFadden, president of the Texas Safety Association, Inc. He spoke on behalf of the pedestrian safety program of the Texas Safety Association, Department of Public Safety and the National Safety Council.

"An automobile weighs about 3,000 pounds," McFadden said, "and that's a lot more than the average walker weighs. A smart walker won't take any chances with such heavy odds against him."

He advised walkers to give the automobile the right-of-way every time, pointing out that the cemetery is crowded with pedestrians who had the right-of-way.

McFadden listed the most dangerous pedestrian habits as: Crossing between intersections, entering the street from behind parked cars, and not looking both ways before stepping off the curb.

## What About Your Job?

Do it the hard way! Think ahead of your job. Then nothing in the world can keep the job ahead from reaching out for you. Do it better than it need be done. Next time doing it will be child's play.

Let no one or anything stand between you and the difficult task; let nothing deny you this rich chance to gain strength by adversity, confidence by mastery, success by deservng it.

Do it better than anyone else can do it. Do it better each time. I know this sounds old-fashioned. It is, but it has built the world.—Harlow H. Curtice.

## Fathers Must Advise Draft

State Selective Service Director Morris S. Schwartz of Austin continues to warn young fathers and men who expect to be fathers that law requires them to be alert in advising draft boards of the birth or expected birth of a child which will affect their status in forthcoming draft calls. "They may get drafted if they don't," he said.

The June draft call for Texas asks for 586 men, compared to 593 for May, Colonel Schwartz announced. This is the state's share of a national call for 12,000 men, all for the Army.

The June quota will be filled with men who are 21 years of age or older on June 1, with the exception of delinquents or volunteers, who may be older.

Colonel Schwartz said he expected the June call to be filled with volunteers and men without children. He said delinquents are liable first, but the state does not have many delinquents.

## Editorial of the Week

MUST WORK LAND HARDER

Have you noticed the big load we are putting on our land? There are more folks to feed. Every 12 seconds another person is added to our population. Then, too, farm people are living better. It is taking more dollars. With prices lower, every acre has got to do overtime to furnish the money. Today, it takes a lot of machinery. A few years ago a \$150 mule worked 15 acres. Mule power investment came to \$10 per acre. Today a \$3,000 machine handles 100 acres. Machine power investment comes to \$30 and more per acre. That is adding to the load on land pretty fast.

The same things are happening to buildings. We have better homes and barns. A \$2,000 home on 100 acres comes to \$20 per acre. A \$10,000 home on 100 acres comes to \$100 per acre. Each acre has got to work hard to carry that larger load. Dollars are needed to keep up these good things. Either prices have got to rise, or each acre has got to produce more. Right now, there is more chance with the land than the prices. That is where managing land gets to be so important. We have got to work it hard—but not hurt it. That takes might good management.—The Progressive Farmer.

Always turn your face to the sun, and the shadows will fall behind you.

## RECALLING Other Years

☆ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### TWENTY YEARS AGO.

News items of interest in the Hamlin community 20 years ago included the following, which are reproduced from the issue of The Hamlin Herald dated June 26, 1936:

Many Hamlin people have recently gone to the Texas Centennial celebration at Dallas, which is destined to attract several million people during its show date.

W. A. Albritton, president-elect of Hamlin Rotary Club, left Tuesday for Atlantic City, New Jersey, to attend the annual convention of Rotary International.

W. T. Walker of Hamlin and Leodes Alexander were united in marriage at Lawton, Oklahoma, on June 8. They will live at Hamlin, where Walker is in the oil business.

Politics is buzzing in this area. In contested races George W. Connell, Frank Powell and G. C. Russell are running for county treasurer; John C. Turner, G. D. Raney and S. C. (Bud) Ferguson are seeking the commissioner's post; G. E. Johnson, Travis Dean and Fred L. Thomas ask for the representative's place; and Otis Miller and Thomas E. Haydn are running for the district attorney post.

Pearl Bristow left Tuesday for Houston to visit Sue Bonner, former home demonstration agent of Jones County.

### TEN YEARS AGO.

Among news happenings of interest in the Hamlin community 10 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 28, 1946:

Wise Chapel, Swedonia and Dovie have asked for election on school consolidation moves into the Hamlin district. Three other districts have consolidated within the past four months.

McCauley baseball team took the lead in the Hamlin Softball League Tuesday night with three straight wins.

More showers totaling .55 of an inch fell this week to give row crops in the Hamlin area another drink. Rainfall last week measured 1.22 inches.

Deed for land for the proposed new Hamlin Memorial Hospital has been signed, and contract for an architect has been signed, officials of the hospital board said this week.

More than \$2,100 has been raised for relief of famine-ridden countries by people of the Hamlin community. It was announced this week by C. C. Bailey, drive chairman.

### FIVE YEARS AGO.

Reflecting the news happenings of the Hamlin community of five years ago the following items are taken from the issue of The Hamlin Herald dated June 30, 1951:

Fogging equipment of the city of Hamlin has been busy in recent days in fighting mosquitoes and other pests in the community.

Jones County has been allotted 21.7 miles of farm-to-market roads for 1951, an announcement made this week by the Texas Highway Commission revealed. Four short projects are included in the new road program.

Eleven straight days of above-100 temperatures have been recorded at Hamlin through Thursday of this week. Hottest day was June 20, when a high reading of 112 was established.

Corporation papers have been issued to the Hamlin post of Veterans of Foreign Wars, according to C. W. (Jiggs) Gold, commander of the unit.

### ONE YEAR AGO.

Considered news in the community a year ago were the following briefs, taken from the issue of The Hamlin Herald dated July 1, 1955:

Dee Prewitt, Loyce Ray Fowler, Joe Stephens and Don Adair left Thursday for a Scout Explorer trip to the Central North and into Canada. They were accompanied by City Coordinator Roy Dunlap of Hamlin.

Beautiful new Hamlin swimming pool, costing nearly \$20,000, has been completed and will be opened to the public Thursday.

Fire losses in Hamlin soared this week when two major business houses were victims of raging flames—Paul Bryan Lumber Company and Hassen Dry Goods Company in the Turner building.

Fleahoppers are reported making inroads on the young cotton crop of the Hamlin area.

Government support price for wheat in 1956 has been reduced to \$1.81 per bushel.

## Dan Kralis, Candidate for Congress, Says Reclaiming Sea Water Is Practical

Lack of water is a real threat to the 17th Congressional District, declares Dan Kralis, candidate for Congress. He went on to say: Dust bowls are on the way back. We are going to run out of water if we don't act. There is a critical shortage in this district. Dust storms follow a period of sparse rainfall; that produces dry soil and critical water shortage. The water table is getting lower and lower. Our underground water supplies are being seriously depleted.

Water conservation storage on our streams must be more fully and better developed with better flood control reservoirs. Since we cannot rely on our fast diminishing underground water reserves in this district, we must store and conserve the surface water in our streams and rivers. This means dams and reservoirs. In this district flood control and water supply storage can both be accomplished by one properly designed dam. Our first step will be found in an expanded reservoir building program. Water is the first prerequisite to continue economic growth in our district. Small dams are not the answer to our problem. The water in these dams evaporates and reduces the amount that can come down-stream.

A water resources program is

necessary, not only to meet the present needs but also the future needs of this district. This program will go hand in hand with a bigger and better soil conservation program.

The final answer lies in making fresh water out of sea water from the Gulf of Mexico and piping it into our district and other parts of the dry West.

The Frenchmen are using some of our tax dollars to purify some 5,000,000 gallons of sea water daily for irrigation purposes. We can do it, too. We can do this on a basis whereby it can be made very reasonable and economical.

We cannot move forward without water in this region, and there is an unlimited supply waiting to be used in the Gulf of Mexico.

This is not an impractical answer, but on the contrary the only practical solution to our whole water problem. The initial investment will be costly, but what isn't these days?

### POTENT FORMULA.

Customer—"Are you sure that stuff will grow hair?"

Barber—"Am I sure? Do you see this hair brush? Until some of this hair grower got spilled on it last week, it was just a ping-pong paddle."

### LET'S GET ORGANIZED.

In Michigan, a county welfare director had to draw the line for a youthful applicant.

A young man walked into his office and asked for relief.

"Have you got a family?" the director asked.

"Not yet," the young man said.

"But I'm getting married Sunday. I can furnish the groceries. All I want you people to do is pay the rent."

## Most modern truck V8's ...and the pounds prove it!

Pound for pound, the most powerful truck V8's today are Chevrolet's. That's one way you can tell they're the most modern V8's going!

They carry around fewer pounds for power they develop. That means you not only can haul bigger loads—you have more usable power to move them!

Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

Weigh the facts...  
and you'll choose today's most modern trucks

Wasted weight is engineered out of Chevrolet truck V8's! Chevrolet's truck V8's have a rugged yet remarkably compact cylinder block. Modern design cuts down engine weight.

More power per pound means more power for your payload! Less power is used up in moving engine weight, more is available for moving your payloads. You get hour-saving performance!

There's a modern V8 for every Chevrolet Task-Force truck! There's a V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195!

**Chevrolet Task-Force Trucks**  
Anything less is an old-fashioned truck!

### Vegetable Algae in Lake Gives City Water Peculiar Taste, Odor

Domestic water for the city of Hamlin has been the topic of conversation for several days of users. An algae originating in the Paint Creek Lake has given the water a "stumpy" taste that even flavors tea and coffee.

City Water Superintendent Bill Rountree declares that efforts are being made at the water filtering

plant to control the taste, but little success is being obtained. The taste does not affect the purity of the water, stresses the superintendent.

The algae is a vegetable growth in the lake, and is not unusual at this time of year. In fact, Abilene and other cities are having the same experience with their water.

The man who has money enough to burn never has any trouble finding a flame.

### Houston Walkers Express Thanks for Hamlin Residents

Rev. Houston Walker, who has served the Hamlin First Baptist Church as pastor for two and one-half years, and his family left for their new home in Lubbock last Wednesday. He has accepted the call to the Arnett Benson Baptist Church in Northwest Lubbock.

The Walkers asked The Herald to please print the following statement from them:

May we take this opportunity to express our appreciation to the people of Hamlin and surrounding territory for their many kindnesses during the time we have been associated here.

We have many lasting friendships in Hamlin, and we are thankful for each one. We covet your prayers as we go to take up a new work in the city of Lubbock. Our new address will be 3302 Amherst Street, and our church is located at 201 North Boston Street.

We have enjoyed serving you as a spiritual leader, and we trust that we have made some contribution to the life and welfare of the community. You certainly have made many contributions to us.—Houston Walker and Family.

#### LOOK AT BRIGHT SIDE.

A boy living in the mountain country in the South went on a possum hunt one night and, after the dogs had treed an animal, the boy climbed up to get it. But the limb gave way and the youngster tumbled to the ground and suffered a broken back. Friends carried him home and, as they entered his house, they stood silent, afraid of what the boy's father would say.

The old man looked at his son for a long moment, pushed his whiskers back, and then said: "Well, it could have been worse. He could have fallen on one of the dogs."

### Announcements for Political Office

The Hamlin Herald is authorized to announce the following candidates for office, subject to action of the Democratic primary election, Saturday, July 28, 1956.

- JONES COUNTY:**
- For Congressman, 17th District: DAN KRALLIS OMAR BURLISON
- For Representative, 85th District: MOYNE L. KELLY
- For County Assessor-Collector: IMA B. DOUGHERTY
- For Commissioner, Precinct No. 1: JOHNNIE AGNEW
- For Sheriff: O. D. (DOYLE) WOODY DAVE REVES (reelection) E. M. (ROE) ISBELL

### Gassers Take Lead in Pony League as Oilers Drop to Third Place

Gassers of the Hamlin Pony Baseball League have taken the lead of the four-team standings with wins in recent days, to replace the Oilers, who had been on top for several days.

Results of the past week's play follow: Merchants and Celotex tied 4 to 4 after eight innings, and the Gassers defeated the Oilers 16 to 6 on June 21.

Oilers trimmed Celotex 6 to 4, and the Gassers swamped the Merchants 19 to 4 on June 23.

Gassers defeated Celotex 16 to 3, and the Merchants and Oilers tied 14 to 14 in eight innings on June 25.

After the above games, stand-

ings in the loop looked like this:

Teams—	P.	L.	W.	T.	Pct.
Gassers	1	7	4	0	.636
Merchants	10	4	4	2	.500
Oilers	10	5	4	1	.499
Celotex	11	4	6	1	.409

#### THE MONDAY AFTER.

When a fellow comes down to the office Monday morning looking very haggard it's usually due to his week-end condition.

#### DIVIDING HIS TIME.

"Will you think of me every minute of the day?" asked the young bride as she rested her head against her new husband's shoulder.

"Well, now, I can't lie to you, dear. Occasionally, I'd like to think about who's going to win the American League pennant this year."

#### RUBBER STAMPS AT HERALD.

Any type of rubber stamp can be made to your special order at The Herald. All colors of rubber stamp pads, too.

### FARM and RANCH LOANS

We have the facilities and are interested in making Farm and Ranch Loans in the Hamlin area.

## A NEIGHBORHOOD INSTITUTION

Your car cost a lot of money. So, when you stop for gasoline . . . when you have it washed and lubricated . . . when you have the oil changed . . . you want to do business with folks you can depend on.

There's one way to be sure: shift the care of your car to the shoulders of the Humble dealer in your neighborhood.

You'll discover that his station is

staffed with men who know their business; that he himself is a man you can rely on to keep your car running right and looking good.

Stop for service under the Humble sign. You'll meet your friends and neighbors there.

SERVICE

Famous Esso Extra Gasoline—No. 1 "Premium" Gasoline in Sales, in Quality.

## Kay Meason and Hoyle Brown Repeat Wedding Vows in Hitson Church Rites

Kay Meason, daughter of Mr. and Mrs. B. J. Meason, became the bride of Hoyle Brown Sunday, June 17, at 12:00 o'clock in the Hitson Baptist Church, six miles northwest of Hamlin. The bridegroom is the son of Mr. and Mrs. A. S. Brown of Route 2, Hamlin.

The double ring ceremony was performed by Rev. R. A. Guthrie, pastor of the Hitson church. Vows were said before an altar flanked by white stands holding baskets of fan arrangements of gladiolas, greenery and satin streamers.

The bride's gown was fashioned of white all-over embroidered cotton satin made princess style. She wore a blue hat and veil and carried a white Bible topped with a white orchid trimmed in streamers of net and blue and white ribbons.

The Bible was a childhood gift from a family friend, Mrs. Tex Herring. For jewelry she wore a single strand of pearls.

The bride is a junior in Hamlin High School, and will continue her studies there. Young Brown is a 1955 graduate of Hamlin High School, having played football there and was an active member of the Future Farmers of America. He has been engaged in farming with his father and is at present employed by Hamlin Oil Well Servicing Company.

The couple, following a brief honeymoon, is at home at 236 Southwest Second Street in Hamlin.

## Methodist Women Meet in Smallwood Home on Monday

"A Guide to Summer Recreation" was the topic of meditation when members of the Bailey Circle of the Woman's Society of Christian Service of the First Methodist Church Monday afternoon in the home of Mrs. L. B. Smallwood.

Mrs. Ed Bailey presided for the business session. Plan to send cards to the sick in hospitals and in case of death to give \$2.50 to the memorial fund, was approved.

After the meditation by Mrs. Bailey, "For the Beauty of the Earth" was presented by Mrs. Fred Carpenter. Mrs. Joe Culbertson read the hymn, "I Would Be True." Mrs. Brad Rowland Sr. closed the program with prayer for India's need for missionaries.

Home-made ice cream and cookies were served by the hostess to the attendants.

The Herald has your kind of Pencils—or can get them for you!

**ENGAGEMENT** of Virginia Lee Morgan (above) of Oceanport, New Jersey, to Charles Foster Cook Jr., son of School Superintendent and Mrs. C. F. Cook of Hamlin, has been announced. The wedding has been set for August 4.

## Naomi Class Surprises Teacher with Party

Members of the Naomi Sunday School Class of the First Baptist Church help their teacher, Mrs. Vincie Walton, help her celebrate her birthday when the group met Monday morning. The surprise party was conducted at the home of Mrs. Walton.

Following a short program, the group presented the teacher with a TV lamp.

Sandwiches, cake and iced tea were served to Mes. D. O. Waymire, Eva Eades, and granddaughter, Lula Mae Crawford, Frank Latler, Carl Young, Alton Mayfield, John Barnett, A. G. Miller and son, Wayne, and J. C. Lain.

## RETURN FROM MEXICO.

May Gay and Mrs. Cricket Fomby returned Monday from Ruidoso, New Mexico, where they had spent several days on vacation.

## Interesting Reports Heard by Council of Demonstration Clubs

Interesting reports were given when members of the Jones County Home Demonstration Council met last Wednesday in the county agent's office at Anson.

The clubs reported having programs on furniture arrangement and driver education. Stith and Goodman Clubs had several members who took part in Merkel's Golden Cavalcade pageant June 7, 8 and 9.

The council voted to allow the delegates to the state meeting to attend the National Home Demonstration Association meeting. Both meetings will be held in San Antonio in September. Mes. Vernon Stanley, Noel Weaver and Frank Carter were elected delegates to the state meeting. Mes. C. L. Moritz, O. B. Leach and Arch Herndon were elected alternate delegates.

Everyone is invited to attend the annual 4-H Club dress review July 10 at 8:00 p. m. at the Anson High School auditorium.

Several Jones County boys and girls won prizes in 4-H Club contests at College Station last week, it was reported. Beth Adkins won second in public speaking; two Roberts boys from Anson won second in crop judging; and Patsy Wade and Rita Herring won ninth in an electrical demonstration.

## Carolyn McClenny to Wed Aspermont Man

Carolyn McClenny, director of music in the Hamlin schools the past two years and assistant director of music at the First Methodist Church, will become the bride of Ed Cotton Saturday evening at the First Methodist Church in Ballinger. She invites her friends in Hamlin community to attend the ceremonies.

Cotton has been athletic coach at Aspermont High School.

## C. F. Cook Jr. to Wed Girl in New Jersey

Mr. and Mrs. Merrill T. Morgan of Oceanport, New Jersey, are announcing the engagement of their daughter, Virginia Lee, to Charles Foster Cook Jr., son of Mr. and Mrs. C. F. Cook of Hamlin.

Miss Morgan is a graduate of Long Branch Senior High School and is employed at headquarters of Army camp at Fort Monmouth, New Jersey.

Young Cook is a graduate of Texas Technological College of Lubbock, and has just completed two years as a lieutenant in the Army Signal Corps.

The wedding date has been set for August 4.

## Cake Sale Slated by Faith Church Women

Women of the Faith Methodist Church are staging a cake sale Saturday morning in front of McDonald's Department Store. The cakes are \$2 each, and receipts from the sale will be used toward the building fund of the church.

Advance orders for cakes will be accepted. They may be placed by calling 1165.

## JUST TO EXPERIMENT.

Maybe you can't buy happiness, but most people would like enough money to try.

## AS TIME GOES BY.

The kind of woman that most men are waiting for it one that's on the telephone.

**SENSIBLE SOLUTION.**  
The old lady looked dubiously at the man next to her on the bus as he started to load his pipe. Finally she ventured:  
"Sir, tobacco smoke makes me ill."  
"In that case," he replied, still filling his pipe, "if I were you I would give it up."

**TELL MARTHA HELLO.**  
"Conductor," complained the passenger, "that fellow sitting opposite is a lunatic. He's scaring my wife and children. He claims he's George Washington."  
"I'll take care of that," said the conductor helpfully. Then he shouted, "Next stop, Mount Vernon!"

## "Hot Flashes Stopped" or strikingly relieved

In 63-80%\* of cases in doctors' tests

• If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"—you may be suffering unnecessarily!

• For...in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 83% and 80% (respectively) of the women tested! Complete or striking relief!

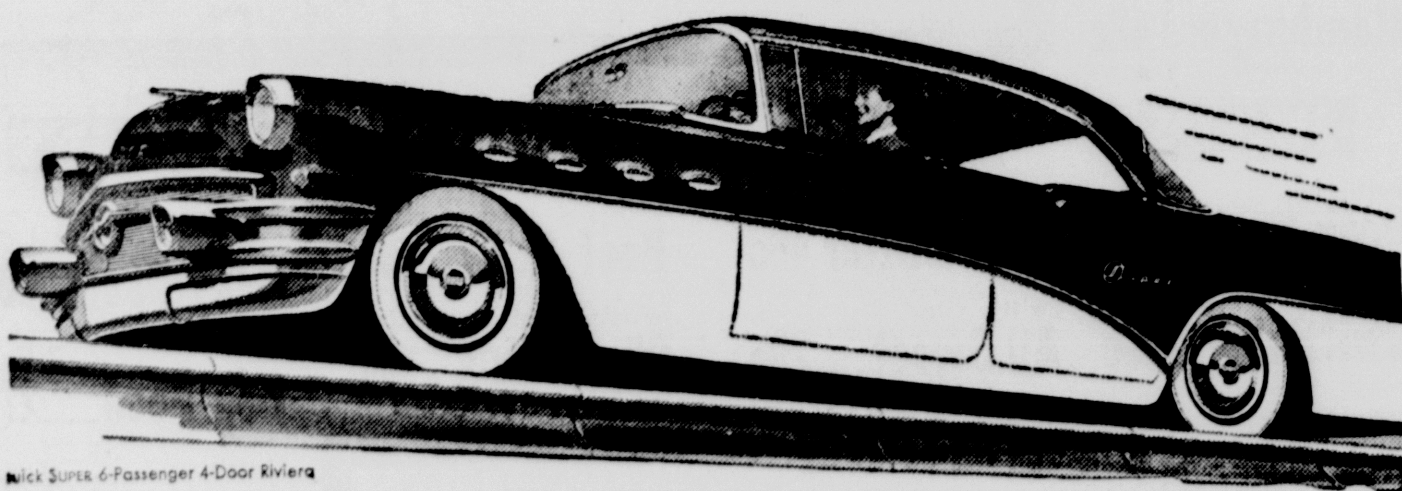

Yes! Research has proved these medicines thoroughly modern in section... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!"

So...get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "heat waves!"

## What's New in Getaway? Try a '56 Buick and See!

Buick Super 6-Passenger 4-Door Riviera

You've probably heard us say a lot, recently, about the 1956 Buick's new Variable Pitch Dynaflo.\*

And maybe you've wondered just what that "new" means.

Well, it means a brand-new principle in transmission design. A new way to make whirling oil add to its own velocity and produce fast torque build-up at only part throttle.

What does it do for you?

It gives you a quick new getaway response right in the first inch of pedal travel—right where you do most of your normal driving—and right where you get better gas mileage every inch of the way.

It gives you more safety-surge breakaway when you floor the pedal and switch the pitch—more electrifying full-power acceleration to pull out of a tight spot.

And it gives you all this with absolute smoothness—because no gears ever shift in Dynaflo.

But if you think this great new getaway is

the only reason for Buick's strong position in the Top 3 of America's best sellers—listen:

In every 1956 Buick there's newness from end to end.

New 322-cubic-inch V8 engines. New brakes, new frame, new rear end. A new deep-oil cushioned ride. New handling ease, new quiet, new comfort. New interlocking safety door latches. New Safety-Aim headlamps. New styling and beauty inside and out.

What it all adds up to is the Best Buick Yet, by far. And you'll find all these new thrills packaged in a price that makes any '56 Buick you choose your smartest buy yet. Can you come in this week?

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

**AIRCONDITIONING**  
at a COOL NEW LOW PRICE

### Two Days of Entertainment and Business Will Feature Annual Midwest REA Meet

One of the summer's liveliest attractions will invade Roby this week-end for two big shows—a special big top show from 7:00 to 10:00 p. m. Thursday for townspeople of the area and an all-day show Friday expressly for rural people. It's the annual Electric Fair sponsored by Midwest Electric Cooperative, Inc. in connection with the coop's annual membership meeting, which will be held during the afternoon Thursday afternoon.

All members of the coop and townspeople are invited to go to the show under the big top, where there will be entertainment, news and free ferris wheel rides for the children, declares Johnnie Ammons, Midwest manager.

An electrical exposition to line the midway will feature 200 feet of news for homemakers and farmers—displays of the latest developments in farm and home electrical equipment by the nation's leading manufacturers. Local dealers cooperating with the coop and national manufacturers in presenting the big top show include Frigidaire, General Elec-

tric, Fairbanks Morse and many local dealers.

For entertainment the show is unequalled in rural areas. This year the big top will feature a performer who should be enthusiastically received by the Roby audiences—Hoffman of San Francisco, magician, actor and comedian. A success in hundreds of shows throughout the nation, Hoffman produces near miracles before the amazed eyes of his audiences.

Another highly popular performer is the accomplished juggler, Fred Whitaker of Tacoma, Washington, who has developed a new art, rarely seen and difficult to believe. He juggles the Chinese devil stick with such skill that it seems to hover in the air on invisible wings.

Hillbilly headliners, Billy Wimberly and his Drifting Texans, will handle a musical part of the big top program. They will be playing a repeat performance. Their Electric Fair tour two years ago brought them to Roby and a chorus of popular acclaim for their down-to-earth country style music.

Food, coffee and cold drinks will be available at the fair. And the awarding of door prizes will round out the annual meeting day's activities Friday.

**FAVORITE PASTIME.**  
A lot of girls hope to land a rich husband—and live off the fat of the landed.

**SOUND THAT CHILLS.**  
Someone has said that an alarm clock is that which scares the daylight into you.

### Work and Right Attitudes Helpful, Nail Tells Rotary

"Work and the right attitudes toward life make the day more effective and productive," declared Wesley Nail, manager of the Hamlin Memorial Hospital, when he spoke at the Wednesday noon luncheon of the Hamlin Rotary Club at the oil mill guest house.

Nail said that a "self starting" attitude is important to make one's job interesting. We need to examine our negative attitudes, such as anger, jealousy, etc and learn to control them. Other good attitudes that give extra joy are loyalty, sincere praise and patience. These attitudes, said

Nail, determine what we do at the crossroads.

As a sidelight, Nail declared that plans for the hospital addition still are going forward. The \$60,000 addition would increase the capacity from 30 to 42 beds, and provide additional facilities.

No meeting of the Rotary Club will be held July 4 on account of the holiday, it was announced.

Guests at the Wednesday luncheon included Hugh M. Hardie of Abilene; D. Joseph of Ranger; L. E. Loveless and Wade Watts of Stamford; and L. H. McBride of Hamlin.

**HAS SOMETHING THERE.**  
Then there was the fellow who wanted to know if he could have a day off with pay. When asked why, he replied:  
"I want to catch up on the time I missed for coffee breaks when I was on vacation."

### WORKS OUT THAT WAY.

A congressman's friend, after a visit to his district, asked: "Did you know that Tom Sullivan is going to run against you?"

"Well," snapped the congressman, "I'm not surprised. He's an ingrate and a scoundrel; lucky to be out of the penitentiary."

"Jim Jones," the friend continued, "is also threatening to announce."

"He's the same type," said the congressman, "a reprobate, a thoroughly evil character."

"Aw," said the friend, "I'm just kidding you. I saw them both; they asked about you and sent their regards."

"Now see what you've done," said the relieved congressman. "You've made me say some ugly things about two of the sweetest, finest and most upright men in my district!"

### Root Plowing and Reseeding Project Points to Water Use

Numbers of Hamlin area farmers and ranchers were among those present at a demonstration of root plowing and reseeded of rangelands Tuesday at the Faye Young Morton ranch, five miles north of Hamlin. The demonstration was sponsored by the Upper Clear Fork Soil Conservation District in conjunction with Central Texas Machinery Company.

The demonstration began at 10:00 a. m. and continued until 4:00 p. m. A barbecue lunch was served at noon at the ranch house. Root plowing on the place

with heavy equipment showed an effective means of brush control that increases effective rainfall retention on the land where it falls. It provides better soil aeration, it was pointed out by demonstrators, who said that "It is only the rain you keep that helps your range."

The reseeded demonstrations showed means of fast cover of grasses. Grass prevents run-off of water, helps control undesirable infestation, and keeps ground

temperature lower, it was pointed out.

This program has been very successful in South Texas, production being increased from one-eighth ton of forage per acre to nine tons per acre on less average rainfall than we have in this area.

### GIVE HIM ROOM.

"Daddy, don't drive so fast."  
"Why not?"  
"That policeman on the motorcycle can't get by."

## Methodist Youths Attend Butman Camp

Several young people of the Hamlin Methodist Churches are due to attend the Stamford District Intermediate camp for this area at Butman Camp, south of Merkel, next week.

The camp is one of a series being held at the Butman Camp for various age groups. It opens Monday and continues through Friday. Cost of the camp is \$14.50, half of this being paid by the church.

Rev. E. R. McGregor of Roby is camp director.

### COMMENTARY

Yesteryear a woman went to her doctor to see if she could have children. Today she goes to the landlord.

## ABOLISHMENT OF THE EVIL PROGRESSIVE INCOME TAX

OPEN LETTER TO THE MERCHANT, WORKING MAN,  
BARBER, DOCTOR, LAWYER, PROFESSIONAL MAN

In my opening announcement I proposed abolishment of the progressive income tax. I suggested its replacement with a flat rate on income plus a federal sales tax. Not only will this form of tax encourage greater investment, greater risk, harder work and larger incomes for all—it would increase tax collection by the government.

The replacement of the income tax is practical, both economically and politically. Unless such a program is enacted in time, the progressive income tax will fulfill the prophecies of Karl Marx by destroying the free capitalist system.

The present tax law sets a top limit on what any man or woman can earn by work, by risk, by inspiration. So I propose to substitute a flat rate tax on incomes of from 10 to 15 or even 22½ per cent. I suggest that the present system of exemptions be retained and increased to \$1,500 for each person. Thus a family of four with \$6,000 income would pay no income tax.

The Gallup Poll shows that the American people believe such a tax system would be fair for all income groups.

The history of taxation proves that when you reduce taxes you end up with increased revenue. I will tell

you more about this before July 28. This is because people try to earn more, work harder because they can keep more. But in the process of earning more, they pay bigger taxes even at lower rates.

This can be supplemented also with a federal sales tax on everything sold at retail except food, rent and housing. This would make the low income group exempt from income taxes they paid by controlling their spending on fancy clothes, fur coats, perfumes, etc.

The wealthy taxpayer would pay higher taxes even at the same rate because he will spend more. But he has the same choice as his low income neighbor. He can reduce his own taxes by buying a \$2,000 car instead of a \$10,000 car. If he wants to live up and spend his big income, he pays higher and higher taxes for what he buys.

All of the low income people will pay little or no taxes. Nobody will have to fill out the complex and annoying tax forms now used. No agent will come knocking on your door two or three years later with a demand for more tax with interest plus penalties. This would end the system that causes Americans to refrain from working harder, earning more, and risking more because the more they earn, work or risk, the higher their tax rate goes.

We also will have a right to do as we please with our money. Now we are slaves to an income tax law that can take 100 per cent of our income if the government desires and give it all away to our foreign friends.

I will have much more to tell you about this before July 28.

(Paid Pol. Adv.)

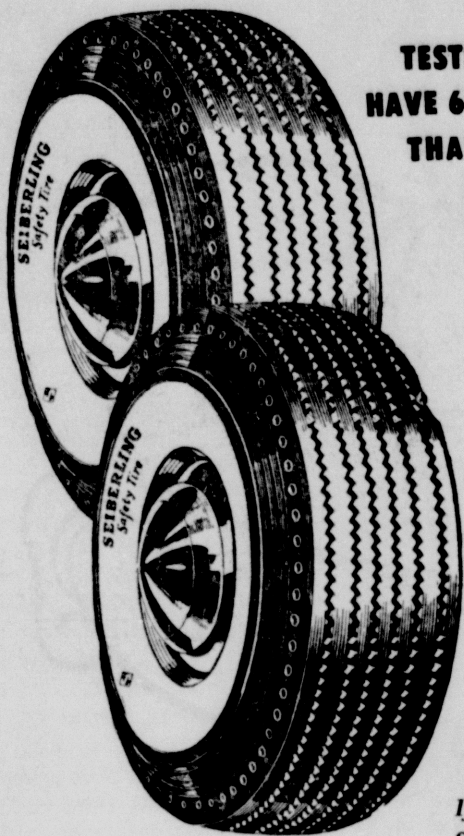

# 2 For one week only SEIBERLING Safety Tires FOR THE PRICE OF 1 1/2

● This is your big chance to get premium quality Seiberling tires for less than you'd pay for regular tires!

## Funeral Services For Mrs. Ella Bryan Conducted Sunday

Funeral services for Mrs. Ella Bryan, 67-year-old wife of a Hamlin lumber yard owner, were conducted Sunday afternoon at the First Baptist Church. Rev. Henry Littleton of Eastland, former pastor of the Hamlin church, officiated.

Mrs. Bryan, who had been in failing health for several years, succumbed Saturday morning at 6:00 o'clock at the Stamford Sanitarium, where she had been taken following a heart attack.

Born October 12, 1888, in Parker County, she was the daughter of Mr. and Mrs. W. R. Brannon. She was married to Paul Bryan in 1910 at Santo. The couple came to Hamlin 36 years ago.

She was a member of the First Baptist Church and the Order of the Eastern Star.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Weldon Hudson, R. H. McCurdy, J. S. Inzer, Frank Waggoner, Cliff Reynolds Sr. and Tom Farrow.

Surviving Mrs. Bryan are her husband; one brother, W. R. Brannon of Santo; one sister, Mrs. Stella Gurganios of Stephenville; several nieces and nephews, including Wilson and Hollis Brannon, who have been associated with Paul Bryan Lumber Company at Hamlin.

ADDING MODERN TOUCH. A tourist spotted an Indian sending up smoke signals in the desert. He had a fire extinguisher strapped to his side.

"What's the idea of the fire extinguisher?" asked the tourist.

The rugged redskin replied, "If me misspellum word, me erasum."

No matter how big or small the repair required on your watch, you can count on the same diligent care from our master watchmakers.

And our prices are just as friendly. Come in today.

Are You a Home-Towner? Do You Buy From Your Friendly Local Merchants?

## FENCES

We need fences. They serve a good purpose. They give protection. But unless they have gates in them, they stop being fences and they become barriers. Without that gate, for instance, Mary Jane couldn't go across to the garden next door, and play with the little girl who lives there.

And, just as we need physical fences sometimes, we need mental and spiritual fences too. We need the privacy of our own thoughts, the sanctity of our own beliefs.

Danger comes only when we build barriers rather than fences around our inner selves. For none of us can live in spiritual isolation. We must have gates in our personal fences. We must permit Faith to enter. We must commune with others... and, above all, with God.

### THE CHURCH FOR ALL...

#### ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Exodus	3	1-5
Monday	Psalms	8	1-6
Tuesday	Hebrews	12	1-14
Wednesday	Luke	18	1-14
Thursday	Romans	12	16-21
Friday	11 Corinthians	9	6-12

## Spread of Hat Fads to Men's Fashions Noted as Cowboy Reunion Emphasis

Hats always have played an important part in a woman's life. They have been the sources of fun, jesting, envy—and a very high mortality rate on bank accounts. Occasionally some woman, just to be different, will buy a hat for comfort. However, the chapeau as known to Milady is usually a bit of froth and mer-lingue.

Now the truth is out! Men wear all kinds of hats, too, even among the tall, raw-boned Westerners you see at the Texas Cowboy Reunion. Some favor the straw, claiming coolness, light weight, and a new one every year. Others have very little use for this type, referring to it as the farmer's style.

The big, high crowned black hat of yesteryears is still treasured by some cowboys and ranchers. Its claim to fame is its utility. It will ward off mesquite limbs, serve as a drinking vessel, a fan, and will even smother a fire. Its usual fatigued, beaten look makes it impervious to moths. After 15 or 20 years' service, it becomes a part of the wearer. It is seldom changed during a life-time.

Then there is the round-head style, circular, crushed down on top, with a wide brim making a good sun-shade; low wind resistance, and having some claim to a romantic Western background.

The sombrero (sometimes worn with a bolero) has several advantages. Its color appeals to children and the fair sex. The chin-strap may be used to hang the wearer, and it brings to mind vast pampas, rich senors and beautiful señoritas.

Among the younger generation the rakish, curled brim, dented in the sides and low head lines,

make the Western curl a very popular number around rodeo time.

Customary with the oil, cattle and politician class is the "twin eight fantasy." It has a straight, dignified appearance made of soft, rich material and color. It is strictly a race horse and disdains hot, sweaty, dirty overalls.

A really fine number is the convertible type that can be worn by father, son and daughter who all have about the same head size. Those who are classified as dif-

ferent—the Royal Sportsman, the Homberg—and, bless my soul, let us not forget the old Straw Katy and the Derby! Just any year now you can expect to find a group of open-mouthed, young cowhands gathered around a man in high silk top!

It's true that women are not the only ones who are hat conscious! Just visit Stamford on July 2, 3 and 4, where you will see the men parading the hats—the biggest and best in West Texas for the Texas Cowboy Reunion!

### WHY BOTHER?

Nowadays a penny saved just wouldn't have bought anything anyway.

## Pulpit Committee for First Baptists Named

Seven members of the First Baptist Church have been named as a pulpit committee to contact prospective pastors for the church, church leaders have announced. On the committee are Mel Castleberry, Weldon Johnson, Burnie Reed, Noel Weaver, T. R. Voss, Mrs. Edgar Duncan and Mrs. Marvin Carlton.

The church is now without a pastor since the resignation, effective June 20, of Rev. Houston Walker, who has accepted the pastorate of a church in Lubbock.

## Funeral Services for Mrs. Ethel Sheffield Conducted Monday

Funeral services for Mrs. Ethel Sheffield, 33-year-old well known colored resident of Hamlin, were conducted Monday afternoon at the Oak Grove Colored Baptist Church. Officiating was Rev. J. L. Johnson, pastor.

Mrs. Sheffield, who has been prominent in church, school and community affairs, died Friday afternoon in the Rotan Hospital.

Burial was in the Hamlin East Cemetery under direction of Lawrence Funeral Home of Anson. Pallbearers were John L. Gilbert,

Jimmy Griffin, Roosevelt Nash, Bedell Washington, Roosevelt Gilbert and Arizona Paige.

Surviving Mrs. Sheffield are her husband; a daughter, Shirley; an unnamed infant son; her father, James E. Butler Sr., two sisters, Annie, Nell Lee and Doris Fay Cork; and a brother, James E. Butler Jr.

The Herald has your kind of Pencils—or can get them for you!

### NON-COOPERATION.

So often was the local weather man wrong in his predictions that he became the laughing stock of the town. The teasing became unbearable and he applied for transfer to another station.

"Why," wrote headquarters, "do you wish to be transferred?"

"Because," the forecaster replied, "the climate here doesn't agree with me."

# The City-Shopping Habit

... a disease which, if let to gain too much headway, can short-change him on schools, churches, friends, neighbors, and his old man's pay check.

And he's helpless to do anything about it — until, when he grows up, he has to take off and try to find opportunity somewhere else ... in the far places where his neighbors have scattered the community substance which Providence entrusted to their care.

We often hear folks around here complaining that our young people nearly always have to hunt their fortunes in other places because we don't have opportunities for them.

Home-spent dollars create those opportunities ... help to keep our sons and daughters content and prosperous in our own midst.

*It Pays to Buy  
where You Live*

Of all the business establishments in the world — only those in Hamlin are sincerely interested in the future of Hamlin and in the future of YOU who live here . . .

### Let's Give Our Junior Citizens a Better Break

Small communities . . . like this one of ours . . . are the finest places in the world for youngsters to grow up. They are the strongholds of the real American way of life and our country's greatest source of leadership.

Away from the regimented bee-hive life of the cities, a child has a better chance to develop the broad and independent viewpoint that makes useful leaders.

But . . . if we keep our small communities intact, with good schools and churches and comfortable living standards, we're going to have to slow down on the Great Give-Away . . . small town people giving away their community assets to Big-City business.

SEEKING a donation for a local charity, the two workers had called on a well known miser. For an hour they pointed out the many needs of the unfortunate for whom the funds would be used. But in spite of the most persuasive pleas, the cantankerous old man sneeringly refused to have any part of it.

Crippled children? What did they mean to him? Orphans? They were none of his business!

Finally the two workers left in disgust. For several minutes they were both silent. Then one burst out, "And to think that old scoundrel has money to burn!"

"Yes," the other agreed darkly. "And that's just what would happen to it... if he could take it with him!"

A COMMENTARY on the modern styles for women comes as a squib from a magazine we were reading the other evening...

Hindsight is what most women are in lack!

IN THESE DAYS of numerous automobile accidents, a fellow has to look right and left and still he doesn't feel safe.

A sage has offered this bit of advice to those who are in doubt about what to do...

If you're hit by a car  
And knocked into slumber,  
The best thing to take  
Is the license number.

DRIVING along the streets of Hamlin nowadays has its dangers—what with hot-rods and highly decorated exhausts, radiator caps, ornaments and other things to distract the driver's attention to the matter of driving.

W. G. Hite has expressed some one-arm alarm with—  
In spring the cautious driver learns  
To watch the young man's fancy turns.

WE DON'T KNOW who William R. Sullivan of Los Angeles, California, is, but our mail this week contained a mimographed postal card from him that had a pithy statement, despite the fact there was no further comment or explanation.

The card simply states:  
A deduction: Unless something is done soon to stop the rising Chinese birth rate, in a few years we are going to be engaged in a war trying to stop them from over-running all of Europe.

IT WAS A VOICE of experience that made the following observation. Hal Chadwick put it in ode form in a leading magazine coming to our desk:

When a wife is "outsoken"  
I'm sorry to state  
That the one who outspeaks her  
Is seldom her mate.

ONE FELLOW we take our coffee break with observed the other morning an odd ailment that afflicted some of his friends:  
When it comes to picking up a check, some fellows have an impediment in their reach.

MODERN civilization has changed things about the house in lots of ways. Berton Braley, long a favorite American poet, said it in these apt words:

Young Father Hubbard went to the cupboard  
To satisfy hunger's throes;  
But there wasn't a bit or morsel in sight  
That wasn't completely froze.

THE LOT of an editor certainly is not a bed of roses. Which reminds us of the anonymous poem about the harassed editor in the Great Hereafter:

An editor knocked at the pearly gates.  
His face was scarred and old;  
He stood before the man of fate  
For admission to the fold.  
"What have you done?" St. Peter asked,  
"To gain admission here?"  
"I've been an editor, sir," he said,  
"For many and many a year."  
The pearly gates swung open wide,  
St. Peter touched the bell.  
"Come in," he said, "and choose your harp—  
"You've had your share of hell!"

Texas Longhorn Cavern, the world's third largest cave, is one of the nation's most impressive natural wonders. Over eight miles of its labyrinthian splendor have been explored without an end being reached and the lowest point on the guided tour is an eerie 120 feet below the surface. The cavern is a popular attraction for tourists and sightseers, especially in the summertime, because it is a real cool cave. The temperature inside remains at a comfortable 64 degrees even in the hottest summer weather. Longhorn Cavern is located off U. S. Highway 281 four miles south of Burnet.

## Curb and Gutter Program in City Gets Off to Good Start

### Key Citizens in Blocks Urged to Help Sign Owners

Curb and gutter work by city crews is getting off to a good start, declares John L. Lea, city engineer, who is supervising the project.

The work is being done under city jurisdiction and with recently purchased city equipment on a nominal cost basis as a continuing program of city street improvement begun by the City Council two years ago when paving also was being done.

Current project is designed to do curb and gutter work by block segments as a water drainage and street base project. The program will be followed by getting the various streets that are curbed and guttered worked to correct grade levels for eventual paving, Lea points out.

Cost of the curb and gutter has been set at 85 cents per foot, which includes the pro-rated cost of one intersection per block. This price compares with \$1.15 per foot charged during the paving project by the contractor.

With the city furnishing the gravel from the city's pits, and with services of the engineer being provided, this low price has been made possible, point out city officials.

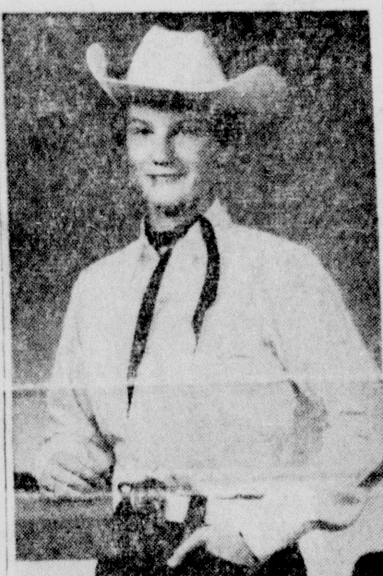

Lea urges that key citizens in various blocks in the city assist in signing up property owners by blocks in order to keep the curb and gutter work moving. Lea will be glad to provide frontages and costs for the various property owners, he says.

### Attendance at City's Sunday Schools Shows Gain Over Year Ago

Sunday School attendance at the 12 churches of the 13 in the city of Hamlin reporting showed a sizeable increase over the previous Sunday as well as the total of a year ago.

Attendance records by various churches for June 17, June 24 and a year ago follow:

Churches—	17	24	Ag
No. Cen. Baptist.....	64	67	47
Calvary Baptist.....	51	58	51
Oak Gr. Col. Bap.....	38	33	42
Faith Methodist.....	58	65	62
Ch. of Nazarene.....	83	90	82
First Methodist.....	184	188	180
First Baptist.....	362	370	375
Mexican Baptist.....	69	65	53
Sunset Baptist.....	37	63	25
Church of Christ.....	155	202	161
Assembly of God.....	—	—	—
Pentecostal.....	16	18	31
Foursquare Gospel.....	48	56	81
Totals.....	1165	1276	1180

COWGIRL SPONSOR from Hamlin to the Stamford Cowboy Reunion next week will be Rebecca Ann Ferguson (above), daughter of Mrs. Thomas Ferguson. She is being sponsored by the Hamlin Business and Professional Women's Club.

### Junior Olympics to Feature Three Age Divisions for Events

Three divisions for the Junior Olympics for the Central West Texas area being held in mid-July at Abilene, have been designated by Olympics officials, declares Coach Jim Herridge of Hamlin High School, who is directing Hamlin's participation in the event.

Boys of the Hamlin community interested in taking part in the nationally known Olympics are invited to meet Herridge at the Pied Piper field house, on the north end of the football field, at 8:00 o'clock in the mornings or 5:30 in the afternoons for try-outs.

The three divisions are for boys of 12 and 13 years of age; 14 and 15 years; and 16 and 17 years. Most of the major track and field events usually run by high school teams will be used by the Junior Olympics, Herridge says.

Winners at the Abilene contests will later go to Houston for competition with boys from a four-state area.

### Next Week's Herald To Be Printed Early

Next week's edition of Your Home Town Paper will be printed this week-end in order to permit the continuation of an annual custom of closing the Herald office during the week of July 4 for a vacation period.

Copy intended to be included in next issue of The Herald must be in our office by Friday. Subscribers will receive their paper next Wednesday.

Cooperation of advertisers and readers in this program of publication will be appreciated.

### Scores Scheduled To Attend Neinda Homecoming Meet

Plans are being made to care for scores of former residents of the Neinda community Sunday, when the eighth annual homecoming celebration is planned, according to Noel (Duck) Weaver, chairman of the arrangements committee.

The homecoming will be staged at the Neinda community center, where entertainment and business session will be conducted.

Homecomers will begin assembling shortly before 11:00 o'clock Sunday morning, Weaver says. Both the community's pastors, Rev. Glen Walters of the Baptist Church and Rev. Luther Walker of the Methodist Church, will present short devotionals after the assembly. Arrangements are being made to have an outstanding quartet to render music for the occasion.

A business session of the group will be conducted at 11:30, and a basket lunch will be served at the center at 12:30. Drinks will be provided.

No formal program is planned for Sunday afternoon, but the afternoon will be spent in visiting between former residents of the community, six miles south of Hamlin.

AMONG FEATURES ENTERTAINERS scheduled to appear Thursday and Friday evenings of this week at the annual membership meeting an Electric Fair of the Midwest Electric Cooperative will be Fred Whitaker (above) of Tacoma, Washington. He will perform juggling acts of unusual accomplishment.

### Aspermont Rodeo This Week-End to Attract Hundreds

Scores of Hamlin area residents will be among the attendants at the first annual rodeo being staged this week-end at Aspermont under the auspices of the Stone-wall County Rodeo Association. Night performances are scheduled this Thursday, Friday and Saturday nights in the new \$10,000 rodeo arena, which is located some five blocks northwest of the courthouse.

The rodeo will open with a big street parade at 4:00 p. m. today (Thursday), according to Sheriff Warren W. Frazier, who is parade chairman. Prizes of \$25, \$15 and \$10 will be awarded for the three best floats in the parade.

Some eight riding clubs and sheriff's posses have been invited to ride in the parade, and trophies are to be given by the local Lions Club for the three best riding clubs and posses.

Performances of the rodeo are to be held nightly, starting at 8:00 o'clock. Morris Stephens of Silverton is furnishing the rodeo stock. Stephens is said to be a past master at this business, and a show jam-packed with thrills on all three nights is promised.

Events to be staged include calf roping, ribbon roping, bull riding, bronc riding, girls' barrel race, open cutting horse contest, and old-timers' tie-down calf roping.

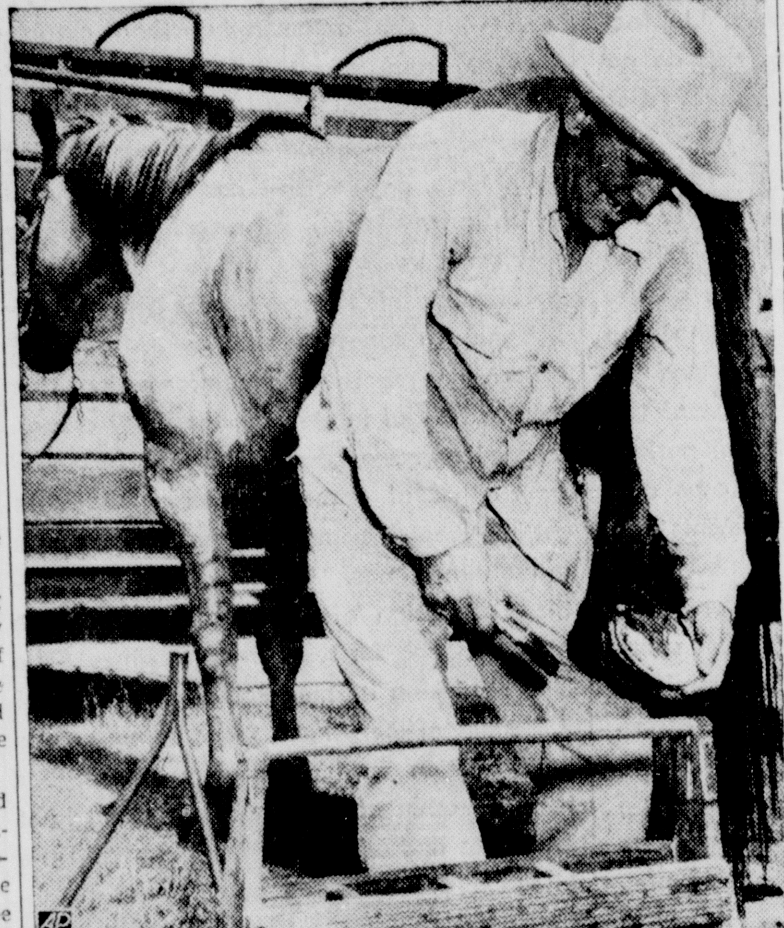

The rodeo at Aspermont is a revival of an annual event that formerly drew thousands of people to the neighboring town to the north. The rodeo association plans to make this amateur rodeo an annual event.

### Rebecca Ann Ferguson To Ride Palomino

Rebecca Ann Ferguson, who will represent Hamlin in the cowgirl sponsor contest next week at the annual Cowboy Reunion and Rodeo at Stamford, will be riding a beautiful Palomino paint horse by the name of Butch.

Rebecca Ann, daughter of a long time rancher of the area who died several weeks ago, has been riding since she was knee-high to a yearling.

Being sponsored at the big the Hamlin Business and Professional Women's Club, Rebecca Ann is expected to carry well the laurels of Hamlin in the parades and contests for the cowgirl contestants.

STILL IN BUSINESS—W. W. "Red" Stephenson of Sherman is still in the horse-shoeing business after 25 years. Using the same tools, Stephenson says that prices and the method of holding horses are the only things changed in the business.

## Oil Mill Distributes Dividend Checks

Patronage dividend checks totaling \$71,454.70 were distributed to officials of 38 member gins last Thursday at the annual membership meeting held at the Mid-West Cooperative Oil Mill, according to R. L. McClung, manager. The checks represented dividends from profits of the past year's operation of the mill, which is one of Hamlin's major industries.

About 200 representatives from the member gins, cotton and oil mill leaders and others attended the annual business meeting and barbecue, conducted in the huge seed house just west of the office of the oil mill.

The morning was spent with attendants hearing reports and entertainment features. At noon a barbecue dinner was served for the crowd.

In the financial report, McClung reported sales last season of \$1,351,875.65, with a gross profit of \$335,579.27. The Hamlin plant was valued at \$373,815.

Named to the executive committee were Jack B. Fry of Ballinger, T. T. Smith of Colorado City, H. D. Henson of Munday, Wayne Nowlin of Rotan and Wallace Allison of Rule. Following the general meeting, the directors named the following officers for the ensuing year: T. T. Smith of Colorado City, president; Jack Fry of Ballinger, vice president; R. L. McClung, secretary-manager.

### Plumbing Contract on New Gymnasium Let At Reduced Figure

Plumbing contract for the new high school gymnasium now under construction was let several days ago by trustees of the Hamlin Independent School District. The bid was \$12,875.

This was \$4,200 less than the lowest bid submitted at the first opening of bids, it is pointed out.

Total cost of the gymnasium and band room will be as follows: General contract, \$124,485; plumbing contract, \$12,875; bond service, \$1,500; and architect's fee, \$8,241; grand total, \$147,101.

The contractors are ahead of schedule on construction of the big building located just west of the high school building, declared Superintendent Cook this week.

He said the structure would be ready by November 1, which is about 30 days ahead of scheduled completion.

The Duncans drove through the South in their car, and will return home next week-end.

### Four New Teachers Employed by Schools As Two Places Open

Four new teachers have been elected to the faculty of Hamlin schools and one has been transferred from Junior high school to high school, it is announced by School Superintendent C. F. Cook. The board of trustees, at its last regular meeting employed the following: Mrs. Weldon Johnson, social studies in the sixth and seventh grades; Mrs. Ethel Wainwright, language arts in the seventh and eighth grades; Mrs. Harvey Elkins, third grade; and Mrs. N. D. Miers of Rotan, either the first grade or public school music.

George T. Black has been moved into high school as math teacher at his request. Black is a math major in his college work.

Two vacancies still exist on the teaching staff, Cook reports. They are a math teacher in Junior high and either a first grade or public school music instructor.

### Rev. Sherman Speaks At First Baptist Church

Preaching at both services Sunday at the First Baptist Church was Rev. Arthur Sherman of Kansas, who is doing graduate work this summer at Hardin-Simmons University.

The church has been pastorless since June 20, when Rev. Houston Walker resigned to accept a pastorate at Lubbock.

### Referendum for Citizens of Region Slated in Period

Free parking in the Hamlin business section — for the first time since 1950 — became effective Saturday morning following a special called session of the City Council and a later conference between the council and merchants of the city.

Heads of the parking meters that were installed in 1947 were removed Friday afternoon, and they will be placed in storage for a six-week period, according to the agreement between the merchants and members of the City Council, declares Mayor O. D. Roland.

Removal of the parking meters will be for a trial period in order to ascertain their effect on business activity in Hamlin. Merchants had petitioned the City Council to consider their removal on the contention that the parking meters were hurting trade here. A conference between the merchant group and members of the council was held last Tuesday afternoon, when the pros and cons of the meter situation were discussed.

During the six-week trial period with the meters removed the merchant group plans trades day and other activities to boom business that has been on the decline for several weeks.

Toward the end of the six-week period a poll of opinion of people of the Hamlin trade territory will be conducted to determine if the six-week moratorium on the parking meters will be extended through December 31.

If the poll shows opposition to the meters, and the meters remain out until December 31, then an election for residents of the city of Hamlin will be conducted to determine if the meters will be taken out permanently.

The parking meters were installed on a trial basis in February, 1950. Then in April, 1952, an election was conducted in which 639 citizens voted on retention of the meters. In the vote 416 favored their retention and 223 voted against the meters.

### Faith Church Women Gather Waste Paper

Campaign to gather waste paper that will be sold to raise funds toward a new church building is being conducted by women of the Woman's Society of Christian Service of the Faith Methodist Church.

People of the community are urged to gather their old newspapers, magazines and other waste paper, bundle it securely, and put it in front of their homes on Saturday, July 7, when it will be picked up and sold by the women's group.

### Who's New This Week

Three new citizens have been recorded at the Hamlin Memorial Hospital since last report in The Herald. Two boys and a girl, they are:

A boy arrived June 15 at 1:45 p. m. for Mr. and Mrs. John Griffith of Hamlin. Balancing the scales at eight pounds two ounces, he has been named Billy Wayne.

A boy for Mr. and Mrs. W. T. Johnson of Hamlin was born June 17 at 10:25 p. m. The new young bank officer has been named James McBride.

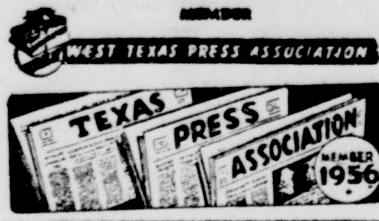

A girl arrived for Mr. and Mrs. W. A. Monee of Hamlin on June 18 at 1:25 a. m. A lightweight at six pounds one and one-half ounces, the little miss says the name Linda Sue will suit her.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### TWENTY YEARS AGO.

News items of interest in the Hamlin community 20 years ago included the following, which are reproduced from the issue of The Hamlin Herald dated June 26, 1936:

Many Hamlin people have recently gone to the Texas Centennial celebration at Dallas, which is destined to attract several million people during its show date.

W. A. Albritton, president-elect of Hamlin Rotary Club, left Tuesday for Atlantic City, New Jersey, to attend the annual convention of Rotary International.

W. T. Walker of Hamlin and Leodes Alexander were united in marriage at Lawton, Oklahoma, on June 8. They will live at Hamlin, where Walker is in the oil business.

Politics is buzzing in this area. In contested races George W. Connelly, Frank Powell and G. C. Russell are running for county treasurer; John C. Turner, G. D. Raney and S. C. (Bud) Ferguson are seeking the commissioner's post; G. E. Johnson, Travis Dean and Fred L. Thomas ask for the representative's place; and Otis Miller and Thomas E. Haydn are running for the district attorney post.

Pearl Bristow left Tuesday for Houston to visit Sue Bonner, former home demonstration agent of Jones County.

### TEN YEARS AGO.

Among news happenings of interest in the Hamlin community 10 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 28, 1946:

Wise Chapel, Swedenia and Dovie have asked for election on school consolidation moves into the Hamlin district. Three other districts have consolidated within the past four months.

McCauley baseball team took the lead in the Hamlin Softball League Tuesday night with three straight wins.

More showers totaling .55 of an inch fell this week to give row crops in the Hamlin area another drink. Rainfall last week measured 1.22 inches.

Deed for land for the proposed new Hamlin Memorial Hospital has been signed, and contract for an architect has been signed, officials of the hospital board said this week.

More than \$2,100 has been raised for relief of famine-ridden countries by people of the Hamlin community, it was announced this week by C. C. Bailey, drive chairman.

### FIVE YEARS AGO.

Reflecting the news happenings of the Hamlin community of five years ago the following items are taken from the issue of The Hamlin Herald dated June 30, 1951:

Fogging equipment of the city of Hamlin has been busy in recent days in fighting mosquitoes and other pests in the community.

Jones County has been allotted 21.7 miles of farm-to-market roads for 1951, an announcement made this week by the Texas Highway Commission revealed. Four short projects are included in the new road program.

Eleven straight days of above-100 temperatures have been recorded at Hamlin through Thursday of this week. Hottest day was June 20, when a high reading of 112 was established.

Corporation papers have been issued to the Hamlin post of Veterans of Foreign Wars, according to C. W. (Jiggs) Gold, commander of the unit.

### ONE YEAR AGO.

Considered news in the community a year ago were the following briefs, taken from the issue of The Hamlin Herald dated July 1, 1955:

Dee Prewitt, Loyce Ray Fowler, Joe Stephens and Don Adair left Thursday for a Scout Explorer trip to the Central North and into Canada. They were accompanied by City Coordinator Roy Dunlap of Hamlin.

Beautiful new Hamlin swimming pool, costing nearly \$20,000 has been completed and will be opened to the public Thursday.

Fire losses in Hamlin soared this week when two major business houses were victims of raging flames—Paul Bryan Lumber Company and Hassen Dry Goods Company in the Turner building.

Fleahoppers are reported making inroads on the young cotton crop of the Hamlin area.

Government support price for wheat in 1956 has been reduced to \$1.81 per bushel.

## Dan Kralis, Candidate for Congress, Says Reclaiming Sea Water Is Practical

Lack of water is a real threat to the 17th Congressional District, declares Dan Kralis, candidate for Congress. He went on to say: Dust bowls are on the way back.

We are going to run out of water if we don't act. There is a critical shortage in this district. Dust storms follow a period of sparse rainfall; that produces dry soil and critical water shortage. The water table is getting lower and lower. Our underground water supplies are being seriously depleted.

Water conservation storage on our streams must be more fully and better developed with better flood control reservoirs. Since we cannot rely on our fast diminishing underground water reserves in this district, we must store and conserve the surface water in our streams and rivers. This means dams and reservoirs. In this district flood control and water supply storage can both be accomplished by one properly designed dam. Our first step will be found in an expanded reservoir building program. Water is the first prerequisite to continue economic growth in our district. Small dams are not the answer to our problem. The water in these dams evaporates and reduces the amount that can come down-stream.

A water resources program is

necessary, not only to meet the present needs but also the future needs of this district. This program will go hand in hand with a bigger and better soil conservation program.

The final answer lies in making fresh water out of sea water from the Gulf of Mexico and piping it into our district and other parts of the dry West.

The Frenchmen are using some of our tax dollars to purify some 5,000,000 gallons of sea water daily for irrigation purposes. We can do it, too. We can do this on a basis whereby it can be made very reasonable and economical.

We cannot move forward without water in this region, and there is an unlimited supply waiting to be used in the Gulf of Mexico.

This is not an impractical answer, but on the contrary the only practical solution to our whole water problem. The initial investment will be costly, but what isn't these days?

### POTENT FORMULA.

Customer—"Are you sure that stuff will grow hair?"

Barber—"Am I sure? Do you see this hair brush? Until some of this hair grower got spilled on it last week, it was just a ping-pong paddle."

### LET'S GET ORGANIZED.

In Michigan, a county welfare director had to draw the line for a youthful applicant.

A young man walked into his office and asked for relief.

"Have you got a family?" the director asked.

"Not yet," the young man said. "But I'm getting married Sunday. I can furnish the groceries. All I want you people to do is pay the rent."

## PETTY LAW VIOLATIONS EVERYBODY'S PROBLEM

Hamlin, not unlike other towns and cities of the country, has been undergoing a series of petty law violations that should be the concern of everybody—not just of the law enforcement officials and parents. In fact, in many instances, even the parents do not seem worried about the trends of their children toward criminality.

Among the numerous petty law violations coming to light in recent months over the country—many of which have never been practiced in the Hamlin area, of course—are disregard of traffic laws in speeding and reckless driving that endanger lives and result in the untimely deaths of scores of the participants and others; pilfering of parked automobiles and stealing of hub caps and various articles from glove compartments and trunks; shooting of windshields with BB guns; hauling away of garbage and trash cans from alleys and other designated places; and other minor offenses that are seldom committed for the actual gain that may be derived from their commission.

To be able to discern the basic causes for the trends toward crime by the young people of the land would be a major accomplishment, but no doubt there are many contributory reasons for such outbreaks of malicious

and wanton destruction of property and simple violations of law.

In many cases there seems to be an element of satisfying a longing for a thrill in connection with the crime rather than actually profiting from the acts. This presents a psychological problem that requires the teamwork of officers, parents, young people's counsellors, psychiatrists and others. All of which proves that, as stated before, the problem is everybody's.

Following this theory, it is the general public's duty to cooperate with law enforcement officers in reporting any information that may be helpful in stopping the petty crimes. Stopped early, a youngster might be saved from a life of crime, who otherwise might get into greater crimes because of his success in the minor ones. Certainly, saving of further destruction of property also should be reason enough for reporting the crimes. The next car losing its hub caps might be yours!

Hamlin officers have made some arrests in connection with these petty crimes, but there are other cases of unsolved street light breakages and other little acts that need the attention of concerned parents and neighbors. Yes, the offenses are everybody's problem, and you can help to solve it.

## The American Way

You cannot bring about prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by discouraging the rich. You cannot establish sound security on borrowed money. You cannot keep out of trouble by spending more than you earn.

You cannot build character and courage by taking away man's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves.

## Don't Try to Bluff Car

"Don't try to bluff the guy in the car!" That traffic safety tip was passed along to pedestrians by E. C. McFadden, president of the Texas Safety Association, Inc. He spoke on behalf of the pedestrian safety program of the Texas Safety Association, Department of Public Safety and the National Safety Council.

"An automobile weighs about 3,000 pounds," McFadden said, "and that's a lot more than the average walker weighs. A smart walker won't take any chances with such heavy odds against him."

He advised walkers to give the automobile the right-of-way every time, pointing out that the cemetery is crowded with pedestrians who had the right-of-way.

McFadden listed the most dangerous pedestrian habits as: Crossing between intersections, entering the street from behind parked cars, and not looking both ways before stepping off the curb.

## What About Your Job?

Do it the hard way! Think ahead of your job. Then nothing in the world can keep the job ahead from reaching out for you. Do it better than it need be done. Next time doing it will be child's play.

Let no one or anything stand between you and the difficult task; let nothing deny you this rich chance to gain strength by adversity, confidence by mastery, success by deservng it.

Do it better than anyone else can do it. Do it better each time. I know this sounds old-fashioned. It is, but it has built the world.—Harlow H. Curtice

## Fathers Must Advise Draft

State Selective Service Director Morris S. Schwartz of Austin continues to warn young fathers and men who expect to be fathers that law requires them to be alert in advising draft boards of the birth or expected birth of a child which will affect their status in forthcoming draft calls. "They may get drafted if they don't," he said.

The June draft call for Texas asks for 586 men, compared to 593 for May, Colonel Schwartz announced. This is the state's share of a national call for 12,000 men, all for the Army.

The June quota will be filled with men who are 21 years of age or older on June 1, with the exception of delinquents or volunteers, who may be older.

Colonel Schwartz said he expected the June call to be filled with volunteers and men without children. He said delinquents are liable first, but the state does not have many delinquents.

## Editorial of the Week

### MUST WORK LAND HARDER

Have you noticed the big load we are putting on our land? There are more folks to feed. Every 12 seconds another person is added to our population. Then, too, farm people are living better. It is taking more dollars. With prices lower, every acre has got to do overtime to furnish the money. Today, it takes a lot of machinery. A few years ago a \$150 mule worked 15 acres. Mule power investment came to \$10 per acre. Today a \$3,000 machine handles 100 acres. Machine power investment comes to \$30 and more per acre. That is adding to the load on land pretty fast.

The same things are happening to buildings. We have better homes and barns. A \$2,000 home on 100 acres comes to \$20 per acre. A \$10,000 home on 100 acres comes to \$100 per acre. Each acre has got to work hard to carry that larger load. Dollars are needed to keep up these good things. Either prices have got to rise, or each acre has got to produce more. Right now, there is more chance with the land than the prices. That is where managing land gets to be so important. We have got to work it hard—but not hurt it. That takes might good management.—The Progressive Farmer.

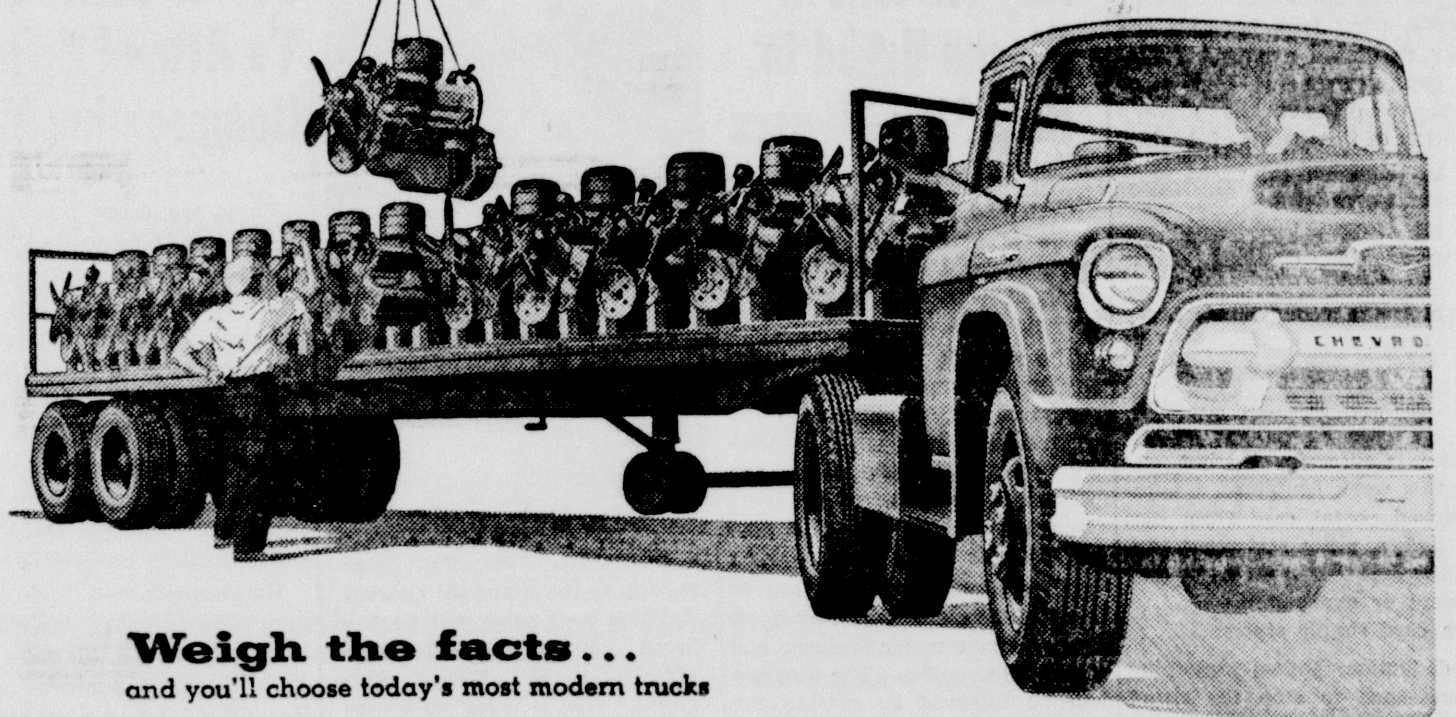

Always turn your face to the sun, and the shadows will fall behind you.

## Most modern truck V8's ...and the pounds prove it!

Pound for pound, the most powerful truck V8's today are Chevrolet's. That's one way you can tell they're the most modern V8's going!

They carry around fewer pounds for power they develop. That means you not only can haul bigger loads—you have more usable power to move them!

Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

**Weigh the facts...  
and you'll choose today's most modern trucks**

### Wasted weight is engineered out of Chevrolet truck V8's!

Chevrolet's truck V8's have a rugged yet remarkably compact cylinder block. Modern design cuts down engine weight.

### More power per pound means more power for your payload!

Less power is used up in moving engine weight, more is available for moving your payloads. You get hour-saving performance!

### There's a modern V8 for every Chevrolet Task-Force truck!

There's a V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195!

## Chevrolet Task-Force Trucks

Anything less is an old-fashioned truck!

### Vegetable Algae in Lake Gives City Water Peculiar Taste, Odor

Domestic water for the city of Hamlin has been the topic of conversation for several days of users. An algae originating in the Paint Creek Lake has given the water a "stumpy" taste that even flavors tea and coffee.

City Water Superintendent Bill Rountree declares that efforts are being made at the water filtering plant to control the taste, but little success is being obtained. The taste does not affect the purity of the water, stresses the superintendent.

The algae is a vegetable growth in the lake, and is not unusual at this time of year. In fact, Abilene and other cities are having the same experience with their water.

The man who has money enough to burn never has any trouble finding a flame.

### Houston Walkers Express Thanks for Hamlin Residents

Rev. Houston Walker, who has served the Hamlin First Baptist Church as pastor for two and one-half years, and his family left for their new home in Lubbock last Wednesday. He has accepted the call to the Arnett Benson Baptist Church in Northwest Lubbock.

The Walkers asked The Herald to please print the following statement from them:

May we take this opportunity to express our appreciation to the people of Hamlin and surrounding territory for their many kindnesses during the time we have been associated here.

We have many lasting friendships in Hamlin, and we are thankful for each one. We covet your prayers as we go to take up a new work in the city of Lubbock. Our new address will be 3302 Amberst Street, and our church is located at 201 North Boston Street.

We have enjoyed serving you as a spiritual leader, and we trust that we have made some contribution to the life and welfare of the community. You certainly have made many contributions to us.—Houston Walker and Family.

### LOOK AT BRIGHT SIDE.

A boy living in the mountain country in the South went on a possum hunt one night and, after the dogs had treed an animal, the boy climbed up to get it. But the limb gave way and the youngster tumbled to the ground and suffered a broken back. Friends carried him home and, as they entered his house, they stood silent, afraid of what the boy's father would say.

The old man looked at his son for a long moment, pushed his whiskers back, and then said: "Well, it could have been worse. He could have fallen on one of the dogs."

### Announcements for Political Office

The Hamlin Herald is authorized to announce the following candidates for office, subject to action of the Democratic primary election, Saturday, July 28, 1956.

- JONES COUNTY:**
- For Congressman, 17th District: DAN KRALLIS

- For Representative, 85th District: MOYNE L. KELLY
- For County Assessor-Collector: IMA B. DOUGHERTY
- For Commissioner, Precinct No. 1: JOHNNIE AGNEW
- For Sheriff: O. D. (DOYLE) WOODY  
DAVE REVES (reelection)  
E. M. (ROE) ISBELL

### Gassers Take Lead in Pony League as Oilers Drop to Third Place

Gassers of the Hamlin Pony Baseball League have taken the lead of the four-team standings with wins in recent days, to replace the Oilers, who had been on top for several days.

Results of the past week's play follow: Merchants and Celotex tied 4 to 4 after eight innings, and the Gassers defeated the Oilers 16 to 6 on June 21.

Oilers trimmed Celotex 6 to 4, and the Gassers swamped the Merchants 19 to 4 on June 23.

Gassers defeated Celotex 16 to 3, and the Merchants and Oilers tied 14 to 14 in eight innings on June 25.

After the above games, stand-

ings in the loop looked like this:

Teams—	P.	L.	W.	T.	Pct.
Gassers	1	7	4	0	.636
Merchants	10	4	4	2	.500
Oilers	10	5	4	1	.499
Celotex	11	4	6	1	.409

**THE MONDAY AFTER.**

When a fellow comes down to the office Monday morning looking very haggard it usually due to his week-end condition.

**DIVIDING HIS TIME.**

"Will you think of me every minute of the day?" asked the young bride as she rested her head against her new husband's shoulder.

"Well, now, I can't lie to you, dear. Occasionally, I'd like to think about who's going to win the American League pennant this year."

**RUBBER STAMPS AT HERALD.**

# The Herald's Page for Women

## Kay Meason and Hoyle Brown Repeat Wedding Vows in Hitson Church Rites

Kay Meason, daughter of Mr. and Mrs. B. J. Meason, became the bride of Hoyle Brown Sunday, June 17, at 12:00 o'clock in the Hitson Baptist Church, six miles northwest of Hamlin. The bridegroom is the son of Mr. and Mrs. A. S. Brown of Route 2, Hamlin.

The double ring ceremony was performed by Rev. R. A. Guthrie, pastor of the Hitson church. Vows were said before an altar flanked by white stands holding baskets of fan arrangements of gladiolas, greenery and satin streamers.

The bride's gown was fashioned of white all-over embroidered cotton satin made princess style. She wore a blue hat and veil and carried a white Bible topped with a white orchid trimmed in streamers of net and blue and white ribbons.

The Bible was a childhood gift from a family friend, Mrs. Tex Herring. For jewelry she wore a single strand of pearls.

The bride is a junior in Hamlin High School, and will continue her studies there. Young Brown is a 1955 graduate of Hamlin High School, having played football there and was an active member of the Future Farmers of America. He has been engaged in farming with his father and is at present employed by Hamlin Oil Well Servicing Company.

The couple, following a brief honeymoon, is at home at 236 Southwest Second Street in Hamlin.

## Methodist Women Meet in Smallwood Home on Monday

"A Guide to Summer Recreation" was the topic of meditation when members of the Bailey Circle of the Woman's Society of Christian Service of the First Methodist Church Monday afternoon in the home of Mrs. L. B. Smallwood.

Mrs. Ed Bailey presided for the business session. Plan to send cards to the sick in hospitals and in case of death to give \$2.50 to the memorial fund, was approved.

After the meditation by Mrs. Bailey, "For the Beauty of the Earth" was presented by Mrs. Fred Carpenter. Mrs. Joe Culbertson read the hymn, "I Would Be True." Mrs. Brad Rowland Sr. closed the program with prayer for India's need for missionaries.

Home-made ice cream and cookies were served by the hostess to the attendants.

The Herald has your kind of Pencils—or can get them for you!

**ENGAGEMENT of Virginia Lee Morgan (above) of Oceanport, New Jersey, to Charles Foster Cook Jr., son of School Superintendent and Mrs. C. F. Cook of Hamlin, has been announced. The wedding has been set for August 4.**

## Naomi Class Surprises Teacher with Party

Members of the Naomi Sunday School Class of the First Baptist Church help their teacher, Mrs. Vince Walton, help her celebrate her birthday when the group met Monday morning. The surprise party was conducted at the home of Mrs. Walton.

Following a short program, the group presented the teacher with a TV lamp.

Sandwiches, cake and iced tea were served to Mrs. D. O. Waymire, Eva Eades, and granddaughter, Lula Mae Crawford, Frank Laflair, Carl Young, Alton Mayfield, John Barnett, A. G. Miller and son, Wayne, and J. C. Lain.

## RETURN FROM MEXICO.

May Gay and Mrs. Cricket Fomby returned Monday from Ruidoso, New Mexico, where they had spent several days on vacation.

## Interesting Reports Heard by Council of Demonstration Clubs

Interesting reports were given when members of the Jones County Home Demonstration Council met last Wednesday in the county agent's office at Anson.

The clubs reported having programs on furniture arrangement and driver education. Stith and Goodman Clubs had several members who took part in Merkel's Golden Cavalcade pageant June 7, 8 and 9.

The council voted to allow the delegates to the state meeting to attend the National Home Demonstration Association meeting. Both meetings will be held in San Antonio in September. Mrs. Vernon Stanley, Noel Weaver and Frank Carter were elected delegates to the state meeting. Mrs. C. L. Moritz, O. B. Leach and Arch Herndon were elected alternate delegates.

Everyone is invited to attend the annual 4-H Club dress review July 10 at 8:00 p. m. at the Anson High School auditorium.

Several Jones County boys and girls won prizes in 4-H Club contests at College Station last week, it was reported. Beth Adkins won second in public speaking; two Roberts boys from Anson won second in crop judging; and Patsy Wade and Rita Herring won ninth in an electrical demonstration.

## Carolyn McClenny to Wed Aspermont Man

Carolyn McClenny, director of music in the Hamlin schools the past two years and assistant director of music at the First Methodist Church, will become the bride of Ed Cotton Saturday evening at the First Methodist Church in Ballinger. She invites her friends in Hamlin community to attend the ceremonies.

Cotton has been athletic coach at Aspermont High School.

## C. F. Cook Jr. to Wed Girl in New Jersey

Mr. and Mrs. Merrill T. Morgan of Oceanport, New Jersey, are announcing the engagement of their daughter, Virginia Lee, to Charles Foster Cook Jr., son of Mr. and Mrs. C. F. Cook of Hamlin.

Miss Morgan is a graduate of Long Branch Senior High School and is employed at headquarters of Army camp at Fort Monmouth, New Jersey.

Young Cook is a graduate of Texas Technological College of Lubbock, and has just completed two years as a lieutenant in the Army Signal Corps.

The wedding date has been set for August 4.

## Cake Sale Slated by Faith Church Women

Women of the Faith Methodist Church are staging a cake sale Saturday morning in front of McDonald's Department Store. The cakes are \$2 each, and receipts from the sale will be used toward the building fund of the church.

Advance orders for cakes will be accepted. They may be placed by calling 1165.

## JUST TO EXPERIMENT.

Maybe you can't buy happiness, but most people would like enough money to try.

## AS TIME GOES BY.

The kind of woman that most men are waiting for it one that's on the telephone.

## SENSIBLE SOLUTION.

The old lady looked dubiously at the man next to her on the bus as he started to load his pipe. Finally she ventured:

"Sir, tobacco smoke makes me ill."

"In that case," he replied, still filling his pipe, "if I were you I would give it up."

## TELL MARTHA HELLO.

"Conductor," complained the passenger, "that fellow sitting opposite is a lunatic. He's scaring my wife and children. He claims he's George Washington."

"I'll take care of that," said the conductor helpfully. Then he shouted, "Next stop, Mount Vernon!"

## "Hot Flashes Stopped" or strikingly relieved

In 63-80% of cases in doctors' tests

• If you're miserable from the "hot flashes," and accompanying irritability, restlessness, feelings of "change of life"—you may be suffering unnecessarily!

\*For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

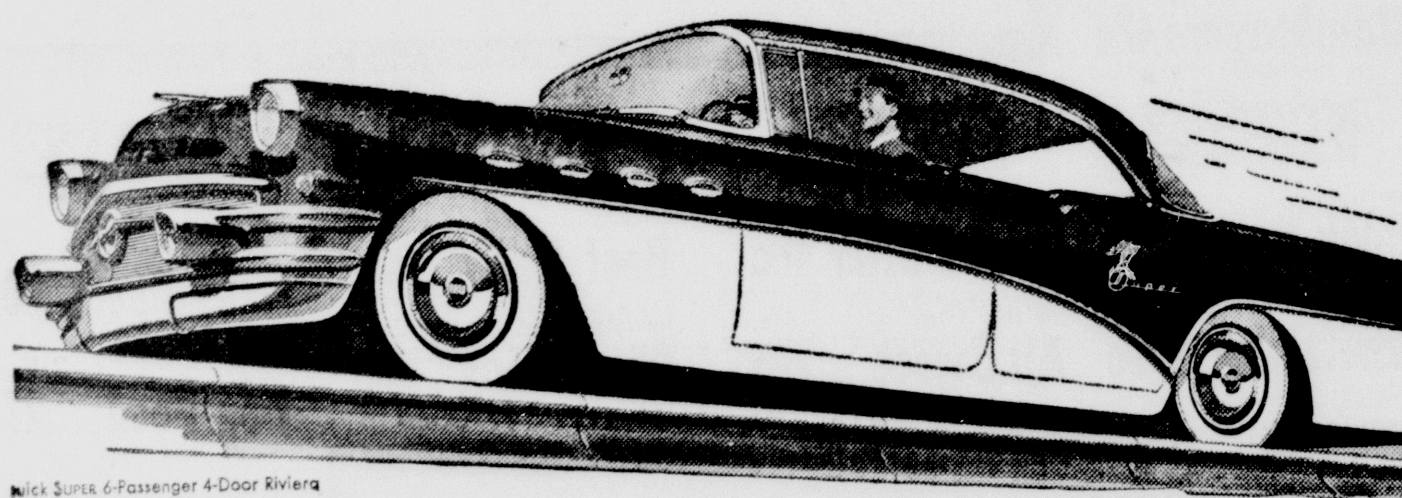

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change."

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It is through a woman's sympathetic nervous system to relieve distress of those awful "heat waves"!

## What's New in Getaway?

Try a '56 Buick and See!

Buick Super 6-Passenger 4-Door Riviera

You've probably heard us say a lot, recently, about the 1956 Buick's new Variable Pitch Dynaflo.\*

And maybe you've wondered just what that "new" means.

Well, it means a brand-new principle in transmission design. A new way to make whirling oil add to its own velocity and produce fast torque build-up at only part throttle.

What does it do for you?

It gives you a quick new getaway response right in the first inch of pedal travel—right where you do most of your normal driving—and right where you get better gas mileage every inch of the way.

It gives you more safety-surge breakaway when you floor the pedal and switch the pitch—more electrifying full-power acceleration to pull out of a tight spot.

And it gives you all this with absolute smoothness—because no gears ever shift in Dynaflo.

But if you think this great new getaway is

the only reason for Buick's strong position in the Top 3 of America's best sellers—listen:

In every 1956 Buick there's newness from end to end.

New 322-cubic-inch V8 engines. New brakes, new frame, new rear end. A new deep-oil cushioned ride. New handling ease, new quiet, new comfort. New interlocking safety door latches. New Safety-Aim headlamps. New styling and beauty inside and out.

What it all adds up to is the Best Buick Yet, by far. And you'll find all these new thrills packaged in a price that makes any '56 Buick you choose your smartest buy yet. Can you come in this week?

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

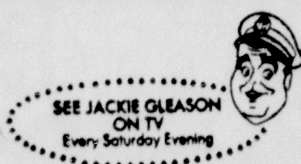

**AIRCONDITIONING**  
at a COOL NEW LOW PRICE

It cools, filters, dehumidifies.

## Two Days of Entertainment and Business Will Feature Annual Midwest REA Meet

One of the summer's liveliest attractions will invade Roby this week-end for two big shows—a special big top show from 7:00 to 10:00 p. m. Thursday for townspeople of the area and an all-day show Friday expressly for rural people. It's the annual Electric Fair sponsored by Midwest Electric Cooperative, Inc. in connection with the coop's annual membership meeting, which will be held during the afternoon Thursday afternoon.

All members of the coop and townspeople are invited to go to the show under the big top, where there will be entertainment, news and free ferris wheel rides for the children, declares Johnnie Ammons, Midwest manager.

An electrical exposition to line the midway will feature 200 feet of news for homemakers and farmers—displays of the latest developments in farm and home electrical equipment by the nation's leading manufacturers. Local dealers cooperating with the coop and national manufacturers in presenting the big top show include Frigidaire, General Elec-

tric, Fairbanks Morse and many local dealers.

For entertainment the show is unequalled in rural areas. This year the big top will feature a performer who should be enthusiastically received by the Roby audiences—Hoffman of San Francisco, magician, actor and comedian. A success in hundreds of shows throughout the nation, Hoffman produces near miracles before the amazed eyes of his audiences.

Another highly popular performer is the accomplished juggler, Fred Whitaker of Tacoma, Washington, who has developed a new art, rarely seen and difficult to believe. He juggles the Chinese devil stick with such skill that it seems to hover in the air in invisible ways.

Hillbilly headliners, Drilling Wimberley and his Drifting Texans, will handle a musical part of the big top program. They will be playing a repeat performance. Their Electric Fair tour two years ago brought them to Roby and a chorus of popular acclaim for their down-to-earth country style music.

Food, coffee and cold drinks will be available at the fair. And the awarding of door prizes will round out the annual meeting day's activities Friday.

**FAVORITE PASTIME.**  
A lot of girls love to land a rich husband—and live off the fat of the landed.

**SOUND THAT CHILLS.**  
Someone has said that aluminum is that which scares the daylight into you.

## Work and Right Attitudes Helpful, Nail Tells Rotary

"Work and the right attitudes toward life make the day more effective and productive," declared Wesley Nail, manager of the Hamlin Memorial Hospital, when he spoke at the Wednesday noon luncheon of the Hamlin Rotary Club at the oil mill guest house.

Nail said that a "self starting" attitude is important to make one's job interesting. We need to examine our negative attitudes, such as anger, jealousy, etc and learn to control them. Other good attitudes that give extra joy are loyalty, sincere praise and patience. These attitudes, said

Nail, determine what we do at the crossroads.

As a sidelight, Nail declared that plans for the hospital addition still are going forward. The \$60,000 addition would increase the capacity from 30 to 42 beds, and provide additional facilities.

No meeting of the Rotary Club will be held July 4 on account of the holiday, it was announced.

Guests at the Wednesday luncheon included Hugh M. Hardie of Abilene; D. Joseph of Ranger; L. E. Lovess and Wade Watts of Stamford; and L. H. McBride of Hamlin.

### HAS SOMETHING THERE.

Then there was the fellow who wanted to know if he could have a day off with pay. When asked why, he replied:

"I want to catch up on the time I missed for coffee breaks when I was on vacation."

### WORKS OUT THAT WAY.

A congressman's friend, after a visit to his district, asked: "Did you know that Tom Sullivan is going to run against you?"

"Well," snapped the congressman, "I'm not surprised. He's an ingrate and a scoundrel; lucky to be out of the penitentiary."

"Jim Jones," the friend continued, "is also threatening to announce."

"He's the same type," said the congressman, "a reprobate, a thoroughly evil character."

"Aw," said the friend, "I'm just kidding you. I saw them both; they asked about you and sent their regards."

"Now see what you've done," said the relieved congressman. "You've made me say some ugly things about two of the sweetest, finest and most upright men in my district!"

## Root Plowing and Reseeding Project Points to Water Use

Numbers of Hamlin area farmers and ranchers were among those present at a demonstration of root plowing and reseeded of ranglands Tuesday at the Faye Young Morton ranch, five miles north of Hamlin. The demonstration was sponsored by the Upper Clear Fork Soil Conservation District in conjunction with Central Texas Machinery Company.

The demonstration began at 10:00 a. m. and continued until 4:00 p. m. A barbecue lunch was served at noon at the ranch house. Root plowing on the place

with heavy equipment showed an effective means of brush control that increases effective rainfall retention on the land where it falls. It provides better soil aeration, it was pointed out by demonstrators, who said that "It is only the rain you keep that helps your range."

The reseeded demonstrations showed means of fast cover of grasses. Grass prevents run-off of water, helps control undesirable infestation, and keeps ground

temperature lower, it was pointed out. This program has been very successful in South Texas, production being increased from one-eighth ton of forage per acre to nine tons per acre on less average rainfall than we have in this area.

**GIVE HIM ROOM.**  
"Daddy, don't drive so fast."  
"Why not?"  
"That policeman on the motorcycle can't get by."

## Methodist Youths Attend Butman Camp

Several young people of the Hamlin Methodist Churches are due to attend the Stamford District Intermediate camp for this area at Butman Camp, south of Merkel, next week.

The camp is one of a series being held at the Butman Camp for various age groups. It opens Monday and continues through Friday. Cost of the camp is \$14.50, half of this being paid by the church.

Rev. E. R. McGregor of Roby is camp director.

### COMMENTARY.

Yesterday a woman went to her doctor to see if she could have children. Today she goes to the landlord.

FOR

## L. T. GOVERNOR

John Lee Smith Says:

"A public office is a public trust and its influence should never be bartered to enrich the office holder.

Let's clean out the graft and corruption in Austin, give the people a square deal . . . not a double deal."

John Lee Smith served as Lieutenant Governor from 1943 to 1947

VOTE FOR A WEST TEXAN

EVER POPULAR FEATURE of Midwest Electric Co-Op Annual Meeting and Electric Fair is this ferris wheel, providing FREE RIDES for all children. This is included with an all-free Big Top Show at the Fair and Rodeo Grounds in Roby Friday, June 29th.

# Big Day of Entertainment for Midwest Coop Folks . . .

Yes, the shindig at Roby this Friday, the Annual Meeting of members of the Midwest Electric Cooperative and their families, will highlight another year of growth and expansion of facilities of this great Rural Electrification Program.

As of now, the Midwest unit is serving 3,162 patrons with dependable, timesaving, convenient, always-ready, cheap electric service that's probably would never have been available to hundreds of these users.

## Attend the Annual Meeting Friday

- Free Entertainment 10:00 A.M. to 5:00 P.M.
- On Friday, June 29th
- Food and Drinks available at the Fair under the Big Top
- Free Door Prizes on Friday, June 29th
- Shade and Ice Water available for those who wish to bring picnic lunches.

## ABOLISHMENT OF THE EVIL PROGRESSIVE INCOME TAX

OPEN LETTER TO THE MERCHANT, WORKING MAN,  
BARBER, DOCTOR, LAWYER, PROFESSIONAL MAN

In my opening announcement I proposed abolishment of the progressive income tax. I suggested its replacement with a flat rate on income plus a federal sales tax. Not only will this form of tax encourage greater investment, greater risk, harder work and larger incomes for all—it would increase tax collection by the government.

The replacement of the income tax is practical, both economically and politically. Unless such a program is enacted in time, the progressive income tax will fulfill the prophecies of Karl Marx by destroying the free capitalist system.

The present tax law sets a top limit on what any man or woman can earn by work, by risk, by inspiration. So I propose to substitute a flat rate tax on incomes of from 10 to 15 or even 22½ per cent. I suggest that the present system of exemptions be retained and increased to \$1,500 for each person. Thus a family of four with \$6,000 income would pay no income tax.

The Gallup Poll shows that the American people believe such a tax system would be fair for all income groups.

The history of taxation proves that when you reduce taxes you end up with increased revenue. I will tell

you more about this before July 28. This is because people try to earn more, work harder because they can keep more. But in the process of earning more, they pay bigger taxes even at lower rates.

This can be supplemented also with a federal sales tax on everything sold at retail except food, rent and housing. This would make the low income group exempt from income taxes they paid by controlling their spending on fancy clothes, fur coats, perfumes, etc.

The wealthy taxpayer would pay higher taxes even at the same rate because he will spend more. But he has the same choice as his low income neighbor. He can reduce his own taxes by buying a \$2,000 car instead of a \$10,000 car. If he wants to live up and spend his big income, he pays higher and higher taxes for what he buys.

All of the low income people will pay little or no taxes. Nobody will have to fill out the complex and annoying tax forms now used. No agent will come knocking on your door two or three years later with a demand for more tax with interest plus penalties. This would end the system that causes Americans to refrain from working harder, earning more, and risking more because the more they earn, work or risk, the higher their tax rate goes.

We also will have a right to do as we please with our money. Now we are slaves to an income tax law that can take 100 per cent of our income if the government desires and give it all away to our foreign friends.

I will have much more to tell you about this before July 28.

(Paid Pol. Adv.)

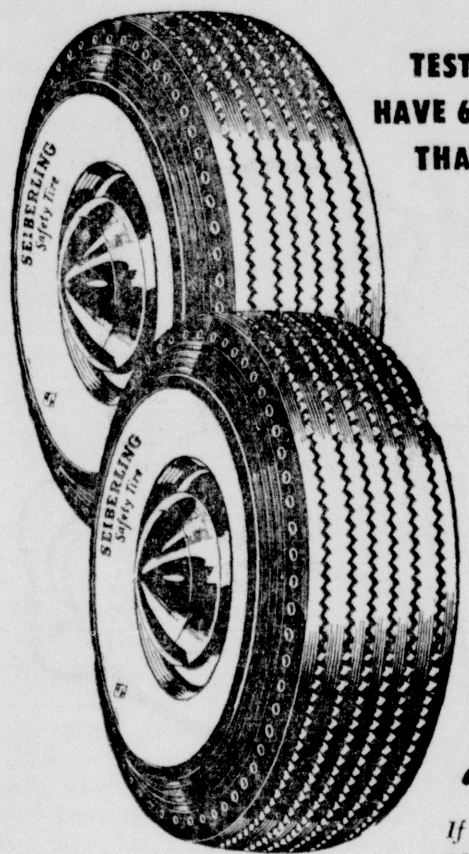

# 2 SEIBERLING

For one week only  
Safety Tires  
FOR THE PRICE OF 1 1/2

● This is your big chance to get premium quality Seiberling tires for less than you'd pay for regular tires!

With this fine tire you'll get safety features found in no other make of tire. Only Seiberling tires are "air-conditioned"—made cooler running and safer with exclusive "Heat Vents".

Safety tires withstand terrific impacts from chuck holes, curbs and grade crossings that break and often blow out regular tires.

TESTS SHOW THAT SEIBERLING SAFETY TIRES HAVE 645 LBS. MORE BREAK-RESISTANCE STRENGTH THAN THE STRONGEST OF ORDINARY TIRES

SEIBERLING SAFETY TIRE	Weight
TIRE A	2,508 Pounds
TIRE B	1,860 Pounds
TIRE C	1,819 Pounds
TIRE D	1,697 Pounds
TIRE E	1,616 Pounds

Look at the EXTRA STRENGTH you get!

Look at the GUARANTEE you get!

Guaranteed in Writing with NO LIMIT ON TIME OR MILEAGE!

If your Safety Tires should be damaged by road hazards or fail to give service because of workmanship or materials they will be replaced!

Immediate replacement on the basis of accurate micrometer measurement of unused mileage will be made by the nearest Seiberling Dealer anywhere in the United States!

THE WORLD'S ONLY "Air-Conditioned" TIRE

In High Speed Tests at 90 mph, temperatures of competitive tires reached 263 degrees. Seiberling tires with exclusive HEAT VENTS ran 23 degrees cooler.

## Funeral Services For Mrs. Ella Bryan Conducted Sunday

Funeral services for Mrs. Ella Bryan, 67-year-old wife of a Hamlin lumber yard owner, were conducted Sunday afternoon at the First Baptist Church. Rev. Henry Littleton of Eastland, former pastor of the Hamlin church, officiated.

Mrs. Bryan, who had been in failing health for several years, succumbed Saturday morning at 6:00 o'clock at the Stamford Sanitarium, where she had been taken following a heart attack.

Born October 12, 1888, in Parker County, she was the daughter of Mr. and Mrs. W. R. Brannon. She was married to Paul Bryan in 1910 at Santo. The couple came to Hamlin 36 years ago.

She was a member of the First Baptist Church and the Order of the Eastern Star.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Weldon Hudson, R. H. McCurdy, J. S. Inzer, Frank Waggoner, Cliff Reynolds Sr. and Tom Farrow.

Surviving Mrs. Bryan are her husband; one brother, W. R. Brannon of Santo; one sister, Mrs. Stella Gurganios of Stephenville; several nieces and nephews, including Wilson and Hollis Brannon, who have been associated with Paul Bryan Lumber Company at Hamlin.

### ADDING MODERN TOUCH.

A tourist spotted an Indian sending up smoke signals in the desert. He had a fire extinguisher strapped to his side.

"What's the idea of the fire extinguisher?" asked the tourist. The rugged redskin replied, "If me misspellum word, me erasum."

No matter how big or small the repair required on your watch, you can count on the same diligent care from our master watchmakers.

And our prices are just as friendly. Come in today.

Are You a Home-Towner? Do You Buy From Your Friendly Local Merchants?

## FENCES

We need fences. They serve a good purpose. They give protection. But unless they have gates in them, they stop being fences and they become barriers. Without that gate, for instance, Mary Jane couldn't go across to the garden next door, and play with the little girl who lives there.

And, just as we need physical fences sometimes, we need mental and spiritual fences too. We need the privacy of our own thoughts, the sanctity of our own beliefs.

Danger comes only when we build barriers rather than fences around our inner selves. For none of us can live in spiritual isolation. We must have gates in our personal fences. We must permit Faith to enter. We must commune with others . . . and, above all, with God.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses

## Spread of Hat Fads to Men's Fashions Noted as Cowboy Reunion Emphasis

Hats always have played an important part in a woman's life. They have been the sources of fun, jesting, envy—and a very high mortality rate on bank accounts. Occasionally some woman, just to be different, will buy a hat for comfort. However, the chapeau as known to Milady is usually a bit of froth and meringue.

Now the truth is out! Men wear all kinds of hats, too, even among the tall, raw-boned Westerners you see at the Texas Cowboy Reunion. Some favor the straw, claiming coolness, light weight, and a new one every year. Others have very little use for this type, referring to it as the farmer's style.

The big, high crowned black hat of yesteryears is still treasured by some cowboys and ranchers. Its claim to fame is its utility. It will ward off mesquite limbs, serve as a drinking vessel, a fan, and will even smother a fire. Its usual fatigued, beaten look makes it impervious to moths. After 15 or 20 years' service, it becomes a part of the wearer. It is seldom changed during a life-time.

Then there is the round-head style, circular, crushed down on top, with a wide brim making a good sun-shade; low wind resistance, and having some claim to a romantic Western background.

The sombrero (sometimes worn with a bolero) has several advantages. Its color appeals to children and the fair sex. The chin-strap may be used to hang the wearer, and it brings to mind vast pampas, rich senors and beautiful señoritas.

Among the younger generation the rakish, curled brim, dented in the sides and low head lines,

make the Western curl a very popular number around rodeo time.

Customary with the oil, cattle and politician class is the "twin eight fantasy." It has a straight, dignified appearance made of soft, rich material and color. It is strictly a race horse and disdains hot, sweaty, dirty overalls.

A really fine number is the convertible type that can be worn by father, son and daughter who all have about the same head size. Those who are classified as dif-

ferent—the Royal Sportsman, the Homberg—and, bless my soul, let us not forget the old Straw Katy and the Derby! Just any year now you can expect to find a group of open-mouthed, young cowhands gathered around a man in high silk topper!

It's true that women are not the only ones who are hat conscious! Just visit Stamford on July 2, 3 and 4, where you will see the men parading the hats—the biggest and best in West Texas for the Texas Cowboy Reunion!

### WHY BOTHER?

Nowadays a penny saved just wouldn't have bought anything anyway.

## Pulpit Committee for First Baptists Named

Seven members of the First Baptist Church have been named as a pulpit committee to contact prospective pastors for the church, church leaders have announced.

On the committee are Mel Castleberry, Weldon Johnson, Burnia Reed, Noel Weaver, T. R. Voss, Mrs. Edgar Duncan and Mrs. Marvin Carlton.

The church is now without a pastor since the resignation, effective June 20, of Rev. Houston Walker, who has accepted the pastorate of a church in Lubbock.

## Funeral Services for Mrs. Ethel Sheffield Conducted Monday

Funeral services for Mrs. Ethel Sheffield, 33-year-old well known colored resident of Hamlin, were conducted Monday afternoon at the Oak Grove Colored Baptist Church. Officiating was Rev. J. L. Johnson, pastor.

Mrs. Sheffield, who has been prominent in church, school and community affairs, died Friday afternoon in the Rotan Hospital. Burial was in the Hamlin East Cemetery under direction of Lawrence Funeral Home of Anson. Pallbearers were John L. Gilbert,

Jimmy Griffin, Roosevelt Nash, Bedell Washington, Roosevelt Gilbert and Arizona Paige.

Surviving Mrs. Sheffield are her husband; a daughter, Shirley; an unnamed infant son; her father, James E. Butler Sr., two sisters, Annie, Nell Lee and Doris Fay Cork; and a brother, James E. Butler Jr.

The Herald has your kind of Pencils—or can get them for you!

## NON-COOPERATION.

So often was the local weather man wrong in his predictions that he became the laughing stock of the town. The teasing became unbearable and he applied for transfer to another station.

"Why," wrote headquarters, "do you wish to be transferred?"

"Because," the forecaster replied, "the climate here doesn't agree with me."

# Picture of a Man with Troubles

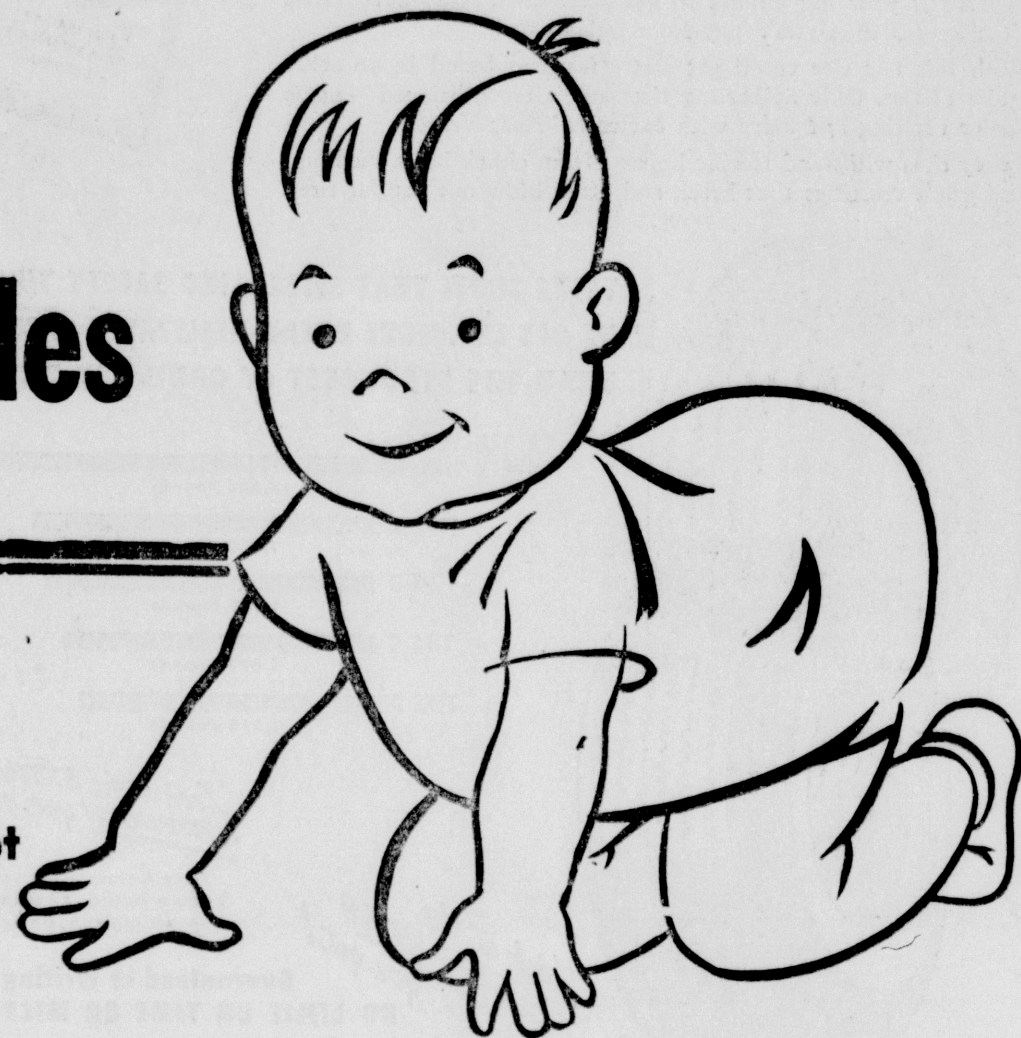

(whether he knows it or not)

Nobody asked him if he wanted to come here to live

Somebody signed his name to a note for \$1700 worth of National Debt

He isn't big enough to enforce his rights

And a lot of people in his community have

# The City-Shopping Habit

... a disease which, if let to gain too much headway, can short-change him on schools, churches, friends, neighbors, and his old man's pay check.

And he's helpless to do anything about it — until, when he grows up, he has to take off and try to find opportunity somewhere else ... in the far places where his neighbors have scattered the community substance which Providence entrusted to their care.

We often hear folks around here complaining that our young people nearly always have to hunt their fortunes in other places because we don't have opportunities for them.

Home-spent dollars create those opportunities ... help to keep our sons and daughters content and prosperous in our own midst.

## Let's Give Our Junior Citizens a Better Break

Small communities ... like this one of ours ... are the finest places in the world for youngsters to grow up. They are the strongholds of the real American way of life and our country's greatest source of leadership.

Away from the regimented bee-hive life of the cities, a child has a better chance to develop the broad and independent viewpoint that makes useful leaders.

But ... if we keep our small communities intact, with good schools and churches and comfortable living standards, we're going to have to slow down on the Great Give-Away ... small town people giving away their community assets to Big-City business.
